Gironés, 189?      *Approaches to Teaching Teresa of Ávila and the Spanish Mystics* Alison Weber, 2009-01-01 The writings of Teresa of Ávila and the Spanish mystics most notably John of the Cross and Luis de León aroused passionate responses when they were composed. Though today's students realize that religious beliefs have wide ranging consequences they are presented with particular challenges in studying the Spanish mystics because of their unfamiliarity with the linguistic social and religious history of early modern Spain. This volume is designed to help instructors elicit students' curiosity, sympathy and appreciation for writings that can at first seem alien or confusing. Part 1: Materials recommends accessible editions and translations, print, electronic and visual resources, background and critical studies and sources on the philosophical and theological responses to the Spanish mystics. Part 2: Approaches presents methods for teaching the historical contexts of and various theoretical perspectives on the mystics' works. Contributors consider these authors in relation to Islamic and Jewish mysticism, the traditions of women's writing, feminism, theology and autobiography. They also recommend ways to teach particular texts in different kinds of courses and institutions.      Webster's English-Spanish Dictionary, Grades 6 - 12 American Education Publishing, 2000-08-01 A convenient reference for words in both English and Spanish.
