

The background of the cover is a vibrant, painterly illustration. In the upper half, a massive, white, cylindrical space station or orbital platform floats in a deep blue sky. The station has various details like portholes, antennas, and smaller modules. A large, bright blue planet with visible clouds is in the upper right corner, and a smaller, crescent moon is visible below it. In the lower half, a soldier in a blue and black tactical suit with a backpack and a rifle stands on a dark, rocky surface, looking up at the station. The sky around the station is filled with bright orange and yellow light, suggesting a launch or a battle. Several small, dark, bird-like creatures are flying in the orange sky. The overall style is reminiscent of classic sci-fi pulp magazine covers.

The Times Law Reports ,1921 *Book Five - Short Stories* Polly Blim, 2024-04-09 This is the fifth of six books which contain the complete collection of short stories by the late Polly Blim Polly was not a writer but she had a talent for coming

up with story ideas that I believe the reader would find interesting Her stories touch upon nearly every genre imaginable with more than a hint of LGBTQ relationships and entanglements Some are darker than others in dealing with love hate jealousy revenge and forbidden love in a web of mystery cast before a backdrop that leans towards horror and dark erotica These stories were possibly destined to remain on a dusty shelf or be hidden away and eventually destroyed so I hope you find them worthy of my saving and publishing so that Polly Blim s thoughts and imagination might be shared and hopefully appreciated Judging them in the real world is difficult as a former friend but I have found them entertaining with many surprising twists beneath their dark undertow Admittedly some of the stories are as dark as they are erotic which she had tried to tame but the world sometimes is not a very nice place in which these darker stories reflect Polly s feelings which simply create a backdrop for stories which I think hold their own and hope that you enjoy Polly s fifth book in a series entitled Broken Dreams with this selection of stories indicating her fondness for sci fi with one particular post puppet series My enclosed stories begin with a pilot being trained to command a secret mission to hopefully save the earth but is nearly killed in training which was no accident but via modern science she is still eventually able to go but not as the mission s Commander accompanied by a sequel Another story relates to a female squadron leader whose girlfriend has been abducted by the very aliens which their squadron battles against only to find that her replacement is an old flame whilst the next deals with a Queen who falls in love with a lonely female salvage worker with the final story relating to a space drilling rig which crash lands upon a supposed desolate moon where a secret complex is discovered as a possible safe haven or a source of concern especially when crew members start to disappear
