ago Mustaine founded a band known as Metallica once observed with some incredulity that Mustaine must have been born with a horseshoe up his ass That s how lucky he s been how fortunate he is to be pulling breath after so many close calls And Hetfield is right Mustaine has been lucky He has been blessed But here s the thing about having a horseshoe lodged in your rectum It also hurts like hell And you never forget it s there Mustaine has battled through it all to achieve dizzying heights From the early heady days of Metallica being unceremoniously let go only to become a world famous rock star founder front man singer songwriter and guitarist and de facto CEO for Megadeth one of the most popular bands in heavy metal Mustaine s is a story that will inspire stun and terrify **Dave Mustaine Autobiography** Dave Mustaine,2010 **The Rejects** Jamie Collinson,2024-02-22 Very readable the history of the late 20th century empire music business Bret Easton Ellis Imagine you ve made it You and your friends have hit the big time in music and you re going to be a star But then quite suddenly it s over Your best friends don t want you anymore and you re on the outside Perhaps they re tired of your bad habits they think you re not good enough or they sense you just don t want it as much as they do Whatever the cause you re a reject So what do you do next Featuring a player rejected by both Nirvana and Soundgarden who became a decorated special forces soldier Britpoppers who spiralled into addiction before becoming novelists and missionaries the terrifying story of Guns N Roses first drummer super rejecting band leaders self destroying rappers troubled hard rock bassists and girl band burnouts The Rejects takes an intimate thoughtful look at people who ve been kicked out of bands what they experienced and what came afterwards Coming from a writer with twenty years music industry experience The Rejects is a sympathetic study of some of music s most fascinating characters and what happens when the dream comes crashing to an end The result is a compelling alternative history of popular music *The Rough Guide to Heavy Metal* Essi Berelian,2005 A comprehensive guide to heavy metal music that profiles three hundred bands and artists describes all the sub genres highlights memorable performances and offers a detailed discography **Into the Black** Paul Brannigan,Ian Winwood,2025-05-01 Into the Black begins on the eve of the release of Metallica s massive breakthrough with the eponymous LP that became known as The Black Album Suddenly at the dawn of the 90s Metallica was no longer the biggest thrash metal band in the world they were the biggest rock band in the world period But with such enormous success came new challenges as Metallica ran the risk of alienating their original fan base They were beset by controversy over musical stylistic shifts supposed concessions to the mainstream even their choice of haircuts During this transformative era journalists Paul Brannigan and Ian Winwood had unprecedented access to Metallica They accompanied the band on tour and joined them in the studio getting exhilarating eyewitness views into the belly of the beast Together they amassed over 75 hours of interview material much of it never in print before now Through changes both musical and personal Metallica struggled to maintain their identity and remain a viable creative force A ferocious battle with the file sharing company Napster saw the quartet attract the worst PR of their career Meanwhile communication breakdowns between James Hetfield Lars Ulrich Kirk Hammett and Jason Newsted who would leave the band

in 2001 led to fierce internal arguments as laid bare in the controversial documentary *Some Kind of Monster*. At the end of the century Metallica had appeared to be a band teetering on the brink of self destruction but through setbacks and struggles they endured and thrived. From *Load*, *Reload* and *Garage Inc.* to the stunning return to form in *Death Magnetic* and the massive tours that accompanied them including the real story behind the *Big Four* shows *Into the Black* takes readers inside the heart of Metallica and concludes the saga of one of the greatest rock bands of all time **Parents Aren't Supposed to Like it** David P. When *Rust in Peace* was released in 1990 the future of Megadeth was uncertain. Fresh off their performance at the record breaking *Monsters of Rock* festival and with knockout new albums from Slayer Anthrax and Metallica dominating the charts the pressure to produce a standout statement record was higher than ever. In *Rust in Peace: The Inside Story of the Megadeth Masterpiece* the band's lead vocalist and guitarist Dave Mustaine gives readers a never before seen glimpse into the artistry and insanity that went into making the band's most iconic record. He recounts the arduous task of hiring the band and supporting cast of

managing egos and extracurriculars during the album's ensuing success and succumbing to the pressures of fame and fortune which eventually forced the band to break up. And yet Megadeth's demise was just the beginning; the birth pangs of the record were nothing compared to what came next. Alcohol, drugs, sex, money, power, property, prestige, the lies fed to the band by the industry and the lies they told each other threatened to eat away at the band's bond like rust devouring it until only the music survived.
