

My Ambition In Life

A man without any aim is like a ship without a rudder. Such a person is actually directionless. Different persons have different aims. My aim in life is to be a teacher. According to me, it is the best way to serve the nation. A teacher is entrusted with the task of making honest citizens who would be able to guide the nation in the right direction. I respect my teachers and want to be like them when I grow up. I shall impart the overall knowledge of education.

My Ambition In Life Essay For Kids:

I Could Have Been a Contender Eric Scott, 2014-06-11 It's 1971 and rock and roll was at its height. Small time Australian agent Wayne Zemmerman scored an unimaginable coup when he signs British supergroup Andromeda for a nationwide tour. Showbiz reporter Scottie McPherson smells a rat and starts his investigation. *The Sound Mixers* is a dramatic expose of the rock industry fiction that reads like fact. A gripping story that moves at breathtaking pace to a devastating climax. Performers, promoters, manipulators, illusion creators, the characters which inhabit the world of rock n roll are ruthlessly dissected in an intricate plot full of shocks and suspense. Big business is the name of the game, a game in which the tough survive but even then not always. He clears up some old mysteries too like what really happened on the night when American TV star Michael Cole swore on live TV at the Australian Logie Awards and how the Beatles came by their trademark haircut. But it is not all showbiz. The memoirs take us through the childhood fun and games of World War II in the UK, the miseries of teen hood and the horrors and fun of National Service, not to mention the personal traumas of five marriages and break ups. The stories from a great raconteur run through eight decades from 1939 through to 1970 in the UK and from then on in Australia. The book gives a shrewd insight to the changing lifestyles through those decades and through the eyes of a professional observer.

Man Repeller Leandra Medine, 2025-05-01 Engage using manrepeller. Silk parachute pants. A gold lam jumpsuit. Ankle boots with fringe. Were these fashion forward items sending men running in the opposite direction? Maybe. But Leandra Medine never cared. Slipping into drop crotch shorts and a boxed sequin blazer in the dressing room of Topshop in downtown Manhattan, a brokenhearted Leandra had an epiphany. Looking in the mirror, she suddenly realized she didn't have a boyfriend because of the way she dressed. And the more she thought about it, the more she realized that such outfits said a lot about her life: romantic and otherwise. Now in her first book, the acclaimed blogger and fashion darling recounts her most significant memories through the lens of her sartorial choices. With her signature sass, blunt honesty, and some personal photos, Leandra shares details of the night she lost her virginity, right down to the pair of white tube socks she forgot to take off, as well as when and why she realized her grandma's vintage Hermès ostrich skin clutch could hold much more than just keys and a cell phone. Through it all, she proves you don't need to compromise even your most repellent qualities to find your way into that big white dress and an organza moto jacket. See, you can have your yeti and wear it too. Showcasing the singular voice that has won Leandra millions of fans, this book is a collection of awkwardly funny experiences, a sweet love story, and above all, a reminder to celebrate and embrace a world made for women by women. Maria Coffey, 2024-06-04 Maria Coffey's *Where the Mountain Casts Its Shadow* is a powerful, affecting, and important book that exposes the far-reaching personal costs of extreme adventure. Without risk, say mountaineers, there would be none of the self-knowledge that comes from pushing life to its extremes. For them, perhaps, it is worth the cost. But when tragedy strikes, what happens to the people left behind? Why would anyone choose to invest in a future with a high-altitude risk taker? What is

life like in the shadow of the mountain Such questions have long been taboo in the world of mountaineering Now the spouses parents and children of internationally renowned climbers finally break their silence speaking out about the dark side of adventure Maria Coffey confronted one of the harshest realities of mountaineering when her partner Joe Tasker disappeared on the Northeast Ridge of Everest in 1982 In *Where the Mountain Casts Its Shadow* Coffey offers an intimate portrait of adventure and the conflicting beauty passion and devastation of this alluring obsession Through interviews with the world's top climbers or their widows and families Jim Wickwire Conrad Anker Lynn Hill Joe Simpson Chris Bonington Ed Viesturs Anatoli Boukreev Alex Lowe and many others she explores what compels men and women to give their lives to the high mountains She asks why despite the countless tragedies the world continues to laud their exploits With an insider's understanding Coffey reveals the consequences of loving people who pursue such risk the exhilarating highs and inevitable lows the stress of long separations the constant threat of bereavement and the lives shattered in the wake of climbing accidents
