gendered and racialized blind spots such fantasies harbor More broadly the technologies answer concerns that films control violence too much or too little Offering neither mere discourse nor mere thrills they recover sense and sensation for all not some or even most depictions of bloodshed As figures the devices also remediate vision and violence for film theory which exhibits distrust for each in spite of the complexities phenomenology and psychoanalysis have brought to cinematic perception and pleasure *Presumed Dead* Henry Lee,2010-07-06 A computer genius A missing Russian bride A true life murder mystery Computer genius Hans Reiser married beautiful Russian pediatrician Nina Sharanova moved with her to his native Oakland California and had two children But bliss soon soured and in the middle of a contentious divorce Nina simply vanished One month later Hans was charged with her murder But that was just the beginning *Gossip* ,1986
