Parliamentary Debates India. Parliament. Rajya Sabha,2017 *California Management Review* ,1958 India Today ,2009 **Journey of the Straight Line** S. S. Bhatti,2005 Journey Of The Straight Line is not a routine monograph on the work of SK Sahni a former Keeper of the National Gallery of Modern Art New Delhi Nor is it an ordinary write up on drawings and creativity It is an attempt at recovering India s most wonderful cultural endowment Holism from the grime of a

world gone haywire under the awesome impact of Mammon the blind and rushed pursuit of all that glitters even when the metal repeatedly turns out to be not gold It provides a comprehensive perspective in which to view modern art in general and Sahni s work in particular so as to make a well reasoned judgement whereby it becomes possible to assign a convincing place to the artist s creations in the world of modern art This perspective is made of metaphysical postulates technical concerns and artistic imperatives and sets out a cogent line of argument which draws its sap from an illustrated analysis of relevant art objects The author has painstakingly explored the essential meanings of various modern art styles such as Op Art Futurism Constructivism Suprematism to which Sahni s work apparently has close resemblance To complete the canvas an interview with the artist along with his credal statement has been included A similar purpose is sought to be fulfilled by the writeups compiled under What Others Say To lay down clear cut terms of reference such genres of visual art as drawing drafting pictorial representation have been spelt out in detail Profile of the Artist gives a chronological account of the development of his creativity and My Lines A Poem imparts to the exposition a palatable literary flavour Although SK Sahni s works are in focus this book meets a novel goal it outlines a holistic approach to the viewing and valuation of works of modern art by transcending personal preferences professional prejudices and stylistic hangups It stresses the often ignored truism that Art comes alive only when passion is combined with study and determination beyond the reproach of art critics and the condescension of patrons of art This book should interest and enrich all those who have anything to do with Art artists critics art lovers patrons students teachers and researchers It may well be a landmark in the initiation and development of Holistic Writing on Art
