Writing India, Writing English G. J. V. Prasad,2014-03-21 The essays in this book look at the interaction between English and other Indian languages and focus on the pressure of languages on writers and on each other Divided into two parts the first part of the book deals with the pressure that English language has exerted and continues to exert in India and our ideas of connectedness as a nation in the ways in which we deal with this pressure The essays emphasise on the emergence of the hybrid language in the Tamil cultural world because of the presence of English and Hindi on the politics of anthologisation and how Karnad s Tughlaq deals with the idea of the nation looking at its historical location The second part of the book focuses on Indian English literature and deals with how it interacts with the idea of representing the Indian nation sometimes obsessively seen both in poetry and novels The book argues that the writer s location is crucial to the world of imagination whether in the novel poetry or drama The world is inflected by the location of the author and the struggle between the language dominant in that location and English is part of the creative tension that provides energy and uniqueness to writing Assimilation Vijaya B.. shadow of the turbulent 1960s this is my story of a journey through village India as an American Peace Corp Volunteer I graduated college in 1966 with no idea of what I wanted to do in life I asked the Peace Corps to send me to a place that was more different than anything I had ever known I got what I asked for India unfolded into a kaleidoscope of fascinating people and unforgettable scenes in a culture that never failed to amaze me The sights smells and sounds of village India offer the backdrop of what happened some stories quite incredible but all true After two years I was infused with the spiritual and mystical quality that was and still is India something that is almost beyond explaining It cannot be found by touring India or even visiting an ashram but only by living there learning the local language and being with Indians in their homes and work Forty four years after leaving the Peace Corps I returned to village India Surprisingly very little had changed All of the profits from the sale of this book will be donated to the Vishwa Bharati non profit village school in Anavatti India and to the School of Social Work at the University of North Carolina Wilmington to support students and faculty in visiting India
