Gas Golf Cart Repair 101 (and a Half) Ron Staley, 2023-03 I wrote this book to try to help anyone who would like to understand more about the workings of gas golf carts After working on them for many years I would like to share some of my experiences with you In the book I start out with the VERY basics of what gas golf carts should do and then explore what makes them do it and what can go wrong Even though I had been working in mechanics and electronics all of my life I still had a lot of adapting to do when it came to fixing a golf cart They are indeed somewhat unique in how they accomplish getting you from point A to point B or maybe I should say from hole 1 to hole 18 Through the years I have learned a bunch and of course made some SERIOUSLY stupid mistakes In this book I share many of these experiences both good and bad with

you as well as some knowledge that I have run across along the way I hope that this book might help you in your journey to understand and repair one of these somewhat elusive critters called a gas golf cart A few years ago I wrote another book entitled Electric Golf Cart Repair101 and a half and I hope this book is as well received as it was Let s go fix some gas golf carts Ron Staley author **ELECTRIC GOLF CART REPAIR 101(and a Half) SECOND EDITION** Ronald
