JOINT BASE SAN ANTONIO

MEMORANDUM FOR: Mr. Kit Daniels
Infowars
P.O. Box 19549
Austin, TX 78760

FROM: 502 ABW/CC
2080 Wilson Way
JBSA-Fort Sam Houston TX 78234-7680

SUBJECT: Notification of Debarment Action

1. On June 12, 2014, you entered Joint Base San Antonio-Lackland, Texas, without authorization to take photographs and make a broadcast. You did this after being specifically informed by the installation Public Affairs Office (PAO) that the facility you wished to film already had a media day, which you failed to attend. Furthermore, you were told that the PAO could only authorize your entrance if there was an approved and scheduled media event. The PAO specifically confirmed for you that the facility you wished to visit was not having a media event at that time and, therefore, entrance onto the installation was not authorized. Despite this information and direct instruction, you circumvented proper installation access procedures and gained unauthorized access to a secure military installation to engage in unauthorized photography and broadcast.
2. It has been determined that your actions are detrimental to the maintenance of good order and discipline, as well as to the safety and security of the installation. You are hereby put on notice that should you make unauthorized entry into any of the Joint Base San Antonio (JBSA) installations in the future, a debarment order will be issued and you will be prohibited from entering JBSA-Lackland, Randolph, Fort Sam Houston, Camp Bullis and all annexes and leaseback facilities from that point forward for a defined period of time. Should such a debarment order be promulgated, any entrance onto a JBSA installation, to include any of the aforementioned areas, will subject you to detention by security personnel for delivery to the appropriate civilian or military authorities.
3. If you fail to comply with a debarment order, you will be subject to prosecution under Title 18 of the U. S. Code, Section 1382, Entering Military, Naval or Coast Guard Property, which states: "Whoever, within the jurisdiction of the United States, goes upon any Military, Naval or Coast Guard reservation, post, fort, arsenal, yard, station or installation, for any purpose prohibited by law or lawful regulation; or, whoever reenters or is found within any such reservation, post, fort, arsenal, yard, station or installation after having been removed there from, or ordered not to reenter by any officer or person in command or charge thereof, shall be fined not more than [\$5,000.00] or imprisoned not more than six months, or both" [as amended by 18 U.S.C. § 3571(b)(6)].

Memorandum For 2 April 2015 Y Paper:

Accountability in the Economic and Monetary Union Menelaos Markakis, 2020-04-02 Following the financial and public debt crisis the EU's Economic and Monetary Union EMU has been under intense political scrutiny. The measures adopted in response to the crisis have granted additional powers to the EU and national authorities the exercise of which can have massive implications for the economies of the Member States, financial institutions and of course citizens. The following questions arise: how can we hold accountable those institutions that are exercising power at the national and EU level? What is the appropriate level, type and degree of accountability and transparency that should be involved in the development of the EU's governance structures in the areas of fiscal and economic governance and the Banking Union? What is the role of parliaments and courts in holding those institutions accountable for the exercise of their duties? Is the revised EMU framework democratically legitimate? How can we bridge the gap between the citizens and the institutions that represent them and those institutions that are making these important decisions in the field of economic and monetary policy? This book principally examines the mechanisms for political and legal accountability in the EMU and the Banking Union. It examines the implications that the reforms of EU economic governance have had for the locus and strength of executive power in the Union as well as the role of parliaments and other political fora and courts in holding the institutions acting in this area accountable for the exercise of their tasks. It further sets out several proposals regarding transparency, accountability and legitimacy in the EMU.

Masters of Violence Tristan Stubbs, 2018-08-15 From trusted to tainted: an examination of the shifting perceived reputation of overseers of enslaved people during the eighteenth century. In the antebellum southern United States, major landowners typically hired overseers to manage their plantations. In addition to cultivating crops, managing slaves and dispensing punishment, overseers were expected to maximize profits through increased productivity, often achieved through violence and cruelty. In *Masters of Violence*, Tristan Stubbs offers the first book-length examination of the overseers, from recruitment and dismissal to their relationships with landowners and enslaved people as well as their changing reputations which devolved from reliable to untrustworthy and incompetent. At the beginning of the eighteenth century, slave owners regarded overseers as reliable enforcers of authority; by the end of the century, particularly after the American Revolution, plantation owners viewed them as incompetent and morally degenerate as well as a threat to their power. Through a careful reading of plantation records, diaries, contemporary newspaper articles and many other sources, Stubbs uncovers the ideological shift responsible for tarnishing overseers' reputations. In this book, Stubbs argues that this shift in opinion grew out of far-reaching ideological and structural transformations to slave societies in Virginia, South Carolina and Georgia throughout the Revolutionary era. Seeking to portray slavery as positive and yet simultaneously distance themselves from it, plantation owners blamed overseers as incompetent managers and vilified them as violent brutalizers of enslaved people. A solid work of scholarship and even specialists in the field of colonial slavery will derive

considerable benefit from reading it Journal of Southern History A major achievement restoring the issue of class to societies riven by racial conflict Trevor Burnard University of Melbourne Based on a detailed reading of overseers letters and diaries plantation journals employer s letters and newspapers Tristan Stubbs has traced the evolution of the position of the overseer from the colonial planter s partner to his most despised employee This deeply researched volume helps to reframe our understanding of class in the colonial and antebellum South Tim Lockley University of Warwick

Specialized Administrative Law of the European Union Herwig C. H. Hofmann, Gerard C. Rowe, Alexander H. Türk, 2018-11-30 This volume deals with the law governing the administrative implementation of European Union public policy Much of this law is specific to individual policy sectors The volume provides a study of such specialized administrative law for more than twenty sectors This cross sectoral approach allows for detailed comparisons of EU administration in diverse policy fields It identifies situations where legal structures and approaches may be unnecessarily duplicated thus indicating where a comprehensive general system could be advantageous for both Union law and policy achievement The comparative nature of the study also draws attention to policy fields which have proven to be testing grounds for approaches adopted subsequently in other areas In addition the work highlights the distinctive highly networked and strongly cooperative character of EU administration as a reflection of and a foundation for the operative nature of the European Union as a whole
