Les Velaacutezquez Tome:

A catalogue of the books in the library of the Royal academy of arts, London. [By H.R. Tedder]. [With suppl. entitled] A catalogue of books added ... between 1877 and 1900. (Roy. acad. of arts). Henry Richard Tedder,1901

Manet/Velázquez Gary Tinterow, Geneviève Lacambre, Metropolitan Museum of Art (New York, N.Y.), Musée d'Orsay, 2003
Here approximately two hundred works by French and Spanish artists chart the development of this cultural influence and map a fascinating shift in the paradigm of painting from Idealism to Realism from Italy to Spain from Renaissance to Baroque. Above all these images demonstrate how direct contact with Spanish painting fired the imagination of nineteenth century French artists and brought about the triumph of Realism in the 1860s and with it a foundation for modern art. **BOOK JACKET**

Diego Velázquez was a court painter during the golden age of Spanish painting and together with Goya and El Greco he is considered to be one of the most influential painters of Spanish history. This book explores his oeuvre which culminated in 1656 with the achievement of the *Meninas*. *Velázquez, Painter & Curator* Julia Vázquez, 2024-11-04
This book is the first to address the curatorial career of Diego Velázquez painter to King Philip IV of Spain and chamberlain of his royal palace. It investigates the role that Velázquez played in overseeing the display of the Habsburg art collection then the richest in the western world and the role in turn that this practice played in his creative trajectory between his arrival at the Spanish court in 1623 and his death in 1660. This book thus recasts Velázquez's career as an episode in the history of the curator. List of Books Forming the Reference Library in the Reading Room of the British Museum British Museum. Diego Rodríguez de Silva y Velázquez June 1599 August 6 1660 known as Diego Velázquez was a painter of the Spanish Golden Age who had considerable influence at the court of King Philip IV. Along with Francisco Goya and El Greco he is generally considered to be one of the greatest artists in Spanish history. His style whilst remaining very personal belongs firmly in the Baroque movement. Velázquez's two visits to Italy evidenced by documents from that time had a strong effect on the manner in which his work evolved. Besides numerous paintings with historical and cultural value Diego Velázquez painted numerous portraits of the Spanish Royal Family other major European figures and even of commoners. His artistic talent according to general opinion reached its peak in 1656 with the completion of *Las Meninas* his great masterpiece. In the first quarter of the 19th century Velázquez's style was taken as a model by Realist and Impressionist painters in particular by Édouard Manet. Since then further contemporary artists such as Pablo Picasso and Salvador Dalí have paid homage to their famous compatriot by recreating several of his most famous works.
