NOTES

Warm Up/Welcome Activity 10-15 min.

This is the first day of day camp, give the kids name tags (available in this pack), play a few getting to know you games, and discuss the rules for the camp. Make sure to talk about sharing, encouraging other builders, and how to be safe at day camp. Take them on a short tour of the facility to show them where bathrooms are and such.

LEGO® Partner Mazes 30-40 min.

Materials: 12 X 12 LEGO® base plate, marbles, and LEGO® bricks

In this fun activity, the kids will partner up to build a marble maze using LEGO® bricks. You can view the directions and video tutorial [here](#). If kids are having a tough time coming up with ideas, use these [printables](#). Give partners 20-30 minutes of building time. After they have perfected their marble maze, have them switch with other partners and solve their puzzles.

LEGO® Balance 20-30 min.

Materials: hangers, LEGO® bricks, KWL chart and household objects

Complete a KWL chart to discover their knowledge of measurement. Talk about how we weigh things and read this [article](#) with the kids. Tell the kids you are going to create a standard LEGO® measurement. Pair up students to work on creating a balance to weigh different objects found around the house. Follow the directions on this [blog post](#). Have students record their findings and finish filling out the chart.

SNACK

LEGO® Challenge Build 20-30 min.

Materials: Lots of LEGO® bricks!

Now it's time for the kids to build and use their imagination. Use this awesome list of [LEGO® challenges](#) to choose which items to have the kids make. I recommend starting with a car. At the end have a show and tell.

Finish Up 10-15 min.

Materials: Examples of the mazes, balance, and challenge build.

Gather the kids together and review what you have learned that day. Allow the kids to share their ideas and input about how they could have made their mazes better or more difficult.

Let the kids race their car creations (if you made them) until parents pick up.
