Les Eacuteeglises Apregraves Vatican II:

Vatican II Matthew L Lamb,Matthew Levering,2008-04-30 From 1962 to 1965 in perhaps the most important religious event of the twentieth century the Second Vatican Council met to plot a course for the future of the Roman Catholic Church After thousands of speeches resolutions and votes the Council issued sixteen official documents on topics ranging from divine revelation to relations with non Christians In many ways though the real challenges began after the council was over and Catholics began to argue over the interpretation of the documents Many analysts perceived the Council s far reaching changes as breaks with Church tradition and soon this became the dominant bias in the American and other media which lacked the theological background to approach the documents on their own terms In *Vatican II Renewal Within Tradition* an international team of theologians offers a different reading of the documents from Vatican II The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II s documents are a development from an established antecedent in the Roman Catholic Church Each chapter contextualizes Vatican II teachings within that rich tradition The resulting book is an indispensable and accessible companion to the Council s developments one that focuses on theology and transcends the mass media storyline of liberal versus conservative

Vatican II Norman Tanner,2012-09-04 By encouraging engagement with the modern world and a refocusing of traditional teaching the Second Vatican Council brought new life into the practice of Catholicism The council s impact on the Church is still playing out today and with many current church issues finding their roots in differing interpretations of Vatican II it has never lost relevance *Vatican II The Essential Texts* brings together the key documents of the council As the council is commemorated on its 50th Anniversary readers will be returning to these source materials to understand the Church s developing positions on its relationship with the secular world and other religions the role of lay people human rights and the common good the liturgy and other still highly relevant issues In addition to the introductions from Pope Benedict and James Carroll the documents will also be accompanied by brief historical prefaces from Professor Edward Hahnenberg

Theological Highlights of Vatican II Pope Benedict XVI,2009 Joseph Ratzinger s report on the debates and struggles that made up each of the four sessions of Vatican II 1962 65 along with theological commentary

Vatican II Anthony Ciorra,Anthony J. Ciorra,Michael W. Higgins,2012 Here is a collection of papers that were presented at a conference *Vatican II A Universal Call to Holiness* sponsored by Paulist Press and Sacred Heart University Fairfield Connecticut Seven of the presentations are based on the seven speeches given by several cardinals at the conclusion of the council on December 8 1965 The conference was not a critique of the council documents but rather creative ways in which the energy of the council can be marshaled in establishing the agenda and needs of the twenty first century The presenters and their topics Anthony Ciorra Introduction Michael W Higgins Afterword Holiness in the Future Holiness as Future Massimo Faggioli Keynote The Vision of the Second Vatican Council R Scott Appleby To Rulers Nancy A Dallavalle to

Komonchak, 1995 This fourth volume of the History of Vatican II reconstructs the work of the Council during the third session which was to produce two of the most significant conciliar texts the Dogmatic Constitution on the Church and the Decree on Ecumenism As with previous volumes an international team of scholars tracks the daily progress of the assembly and its numerous assisting bodies Using sources from all the Council's groups as well as an unprecedented acquisition of previously unpublished documents they provide the reader with a rich multidimensional knowledge of the event that more than any other shaped the Roman Catholic Church The enthusiasm of the two previous sessions had given way to a greater awareness of the vastness of the conciliar task The general desire on the part of the bishops to conclude the Council with this third session added to the pressure from many sides to produce significant results The agenda thus included many complex issues in various schemas and none surrounded by more tension than the question of collegiality which was the source of passionate debate in the previous session **The Dynamic Voice of Vatican II** Marina E. Ruffolo, 1977 **The Reception of Vatican II** Matthew L. Lamb, Matthew Levering, 2017 A sequel to Vatican II Renewal within Tradition OUP 2008 The Reception of Vatican II shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception **The Legacy of Vatican II** Massimo Faggioli, 2015 **Church Renewed** George P. Schnier, George Peter Schnier, 1986-09-05 **Heiden und Christen im 5. Jahrhundert** Mathijs Lamberigts, Leo Kenis, 2002 Vatican II created an experimental space to be employed by a variety of different domains The council led in addition to a new understanding of the church namely that of a church in the service of the world *An Introduction to Vatican II as an Ongoing Theological Event* Matthew Levering, 2017 Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series Sacra Doctrina Matthew Levering leads his readers to see the Council as a theological event a period of confirming and continuing God's self revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for Dei Verbum persons and propositions Louis Bouyer CO for Sacrosanctum Concilium active participation Yves Congar OP for Lumen Gentium true and false reform and Henri de Lubac SJ for Gaudium et Spes nature and grace This

theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book s final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council s fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously The Theology of Vatican II Basil Christopher Butler,1967 Vatican II Renewal, Path to the Future of the Church Joseph F. Egan,2013-09-18 Vatican II Renewal Path to the Future of the Church is a prophetic call for change in the Catholic Church today It presents the 1962 65 Second Vatican Council s revolutionary vision of renewal reform of the church as the sure path to her restored credibility and promising future for her members today Readers will find a clear treatment of its seven most important documents and the critical evaluation of their varied implementation in today s church valuable in understanding Vatican II The book is also a rich source of information on the contemporary Catholic Church Individual chapters treat Christian ecumenism moral theology questions the developing Catholic social thought the church as people of God and a mystery current liberation theologies American women religious nuns contemporary spiritualities Issues treated are church governance celibacy and married priests women deacons church polarization sexual morality dialogue with other Christian churches and world religions and Vatican II s renewal of liturgy and of the sacraments of baptism reconciliation and marriage The author discusses with utmost honesty church problems and challenges as well as her rich tradition and values Early Christianity Scholar Professor Hamilton Hess University of San Francisco writes A marvelous book Joseph Egan has provided us with a masterly exposition of the problems facing the Catholic Church today and of the ecclesial renewal mandated by the Second Vatican Council Thoroughly researched and clearly expressed for a variety of readers this book comes at the ideal time of the beginning of new papal leadership Maureen Bennett teacher and housewife comments Catholics saw in the decrees of Vatican II an exciting vision of the future Church For many that promise remains unfulfilled Fr Egan restores our hope for change still to come and illustrates the path to achieving that bright future Dr Harvey Egan Boston College states Clearly written concisely and with nuance a great aid for those teaching students or for anyone interested in contemporary Catholicism Some readers comments We treasure the book and find it so exciting courageous and compelling Francis bishop of Rome should keep it at his bedside An enormous contribution to forming a foundation for our faith today Optimism and hope permeate the pages It has given me hope again Both young and older Catholics students and parish discussion groups and fellow Christians will find this book stimulating and full of hope **Vatican II in Plain English - the Collection** Bill Huebsch,1997 The Second Vatican Council met from 1962 through 1965 and is the most significant event in the last 400
