Les Grands Discours De Guerre:

Les grands discours de guerre Charles de Gaulle, 2020 **Discours de guerre (1940-1946)** Winston Churchill, 2011-08-25 Sept discours haute valeur tant littéraire Winston Churchill a reçu le prix Nobel de littérature en 1953 qu'historique d'avoir couvert dans une nouvelle traduction Dans ces textes devenus classiques Churchill prépare ses concitoyens une guerre longue et difficile et expose les enjeux de la guerre et de l'après guerre **In the Shadow of the General** Sudhir Hazareesingh, 2012-07-26 The French writer Francois Mauriac once predicted that when de Gaulle will be here no longer he will still be here This insight has proved prophetic In contemporary France Charles de Gaulle has become a figure of legend consistently acclaimed as the nation's pre eminent historical figure Central to this popularity is the recognition of his pivotal role as the founder and then the leader of the Resistance movement during the Second World War Once might be tempted to conclude that it is the man who became mythical not the institutions he created But here the paradoxes abound For one thing his personal popularity sits oddly with his social origins and professional background Neither the nobility nor the Catholic Church nor the Army is particularly well regarded in France today in their different ways they all symbolize antiquated traditions and values So why then do the French nonetheless identify with celebrate and even revere this austere and devout nobleman who remained closely wedded to military values throughout his life In the Shadow of the General resolves this mystery and explains how de Gaulle has to come occupy such a privileged position in the French imagination Sudhir Hazareesingh's story of how an individual life transformed into national myth also tells a great deal about the French collective self in the twenty first century its fractured memory its aspirations to greatness and its manifold anxieties Alongside the tale of de Gaulle's legacy a much broader narrative unfolds the story of modern France **Aux armes!** Jacques-Olivier Boudon, 2014 *Pamphlets on Industrial Management and the Taylor System*, 1919 **Progressez en anglais grâce à Winston Churchill** Winston Churchill, 2018-06-11 The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University Hoover Institution on War, Revolution, and Peace, 1969 **European Yearbook / Annuaire Européen**, 1966 Council of Europe/Conseil de l'Europe, 1968-07-01 The European Yearbook promotes the scientific study of nineteen European supranational organisations and the OECD The series offers a detailed survey of the history structure and yearly activities of each organisation and an up to date overview of the member states of each organisation This special anniversary volume celebrates 60 years of publication of the Yearbook and its contents differs from that of the regular volumes therefore It offers a selection of the most important articles dealing with European cooperation and integration to appear in the Yearbook during its 60 years of publication These are of particular interest not only because they provide a unique historical snapshot of the many successes and occasional failures in the field of European integration but also because they discuss the ideals and aims that lay behind these efforts many of which still resonate today as Europe confronts questions about its political destiny and ideal shape This volume contains articles in English and French

Grand dictionnaire universel du XIXe siècle Pierre Larousse, 1870 *La Semaine littéraire* , 1916 **Apology and Reconciliation in International Relations** Christopher Daase, Stefan Engert, Michel-André Horelt, Judith Renner, Renate Strassner, 2015-08-27 This book looks into the role and effects of public apologies in international relations It focuses on two major questions why and when do states issue apologies for historic crimes and how and under what conditions are these apologies successful in remedying conflictive relationships In recent years we have witnessed an unseen popularity of apologies with numerous politicians managers and clergymen being eager to apologise and atone for the wrong doings of their countries or institutions Public apologies thus are a new and highly interesting while nevertheless still puzzling phenomenon the precise role and meaning of which in international politics remains to be explored This book sets out to do exactly this Focusing in particular on state apologies it assembles twelve detailed empirical case studies which deal with the two questions raised above In the first part the case studies reconstruct the processes in which state representatives react to calls for public atonement and in the second part the case studies explore the reactions to the apology and evaluate signs for its success or failure All case studies are based on a theoretical framework which is outlined in the introduction to the book and helps develop tentative assumptions about the emergence and the effects of state apologies drawing on different strands of literature such as political science philosophy sociology or psychology This work will be of great interest to students and scholars of conflict reconciliation international relations and transitional justice **Turcica; die europäischen Türkendrucke des xvi.
