## **Les Trois Dames De La Kasbah:**

Eastern Voyages, Western Visions Margaret Topping, 2004 This collection of interdisciplinary essays explores the range of French and francophone encounters with the East from the medieval period to the present day book cover **Les trois dames de la Kasbah** Pierre Loti, 1896 French Orientalist Literature in Algeria, 1845-1882 Sage Goellner, 2018-03-06 This book applies the growing theoretical field of hauntology to a body of literature which has previously been examined through the lenses of Orientalism and exoticism Through a chronological study and close readings of the writings of Thophile Gautier Eugène Fromentin Gustave Flaubert and Pierre Loti the project identifies haunting echoes within the texts which demonstrate an ambivalence of attitudes towards colonialism and which undermine any claim towards a monolithic imperialist French ideology Whereas hauntological theory has been used to illuminate literature from the Francophone post colonial period it has not yet been applied to texts produced during the French colonial period The originality of this project thus lies in the application of Derridean hauntological theory to works from an earlier period each of which in one way or another addresses the theme of colonial violence By revisiting four classic works of colonial Orientalism with haunting as a principal theme this analysis provides a critical witnessing of France's violent colonization of Algeria that demonstrates France's latent anxieties about the colonial project at the time A Catalogue of the Allen A.
