the immeasurable distance between love and language She describes a love between two women in its totality experienced as
both a physical presence and a sense of infinity The result is a stunning example of *Pécriture* feminine that won kudos when
published in France in 1983 Its translation into English by Betsy Wing will extend the influence of a writer already famous for
her novels and contributions to feminist theory In her introduction Betsy Wing notes the contemporary emphasis on fictions
of presence Cixous in *The Book of Promethea* works to repair the separation between fiction and presence trying to chronicle
a very present love without destroying it in the writing **Herald of Holiness**, 1997 [Catalog of Copyright Entries](#)
