My Alias Doctors Somology Crackpots Metomorphosis English Edition:

My Alias Doctors, Somology, Crackpots and Metamorphosis Zecharia Parker, William W. Beattie, 2011-08-21 SYNOPSIS

Tom Bradley emerges from the doldrums of obesity and enrolls in a revolutionary seven phase weight loss program developed by an enigmatic doctor at I H I Incremental Health Improvement wellness center. Suspicions bloom into full blown paranoia as Tom becomes more and more invested in the precarious pyramidal construct of the secretly developed system. Deeply conflicted and mesmerized by the cobweb of I H I's luxurious intrigue, he fearfully penetrates into the depths of the centers underbelly, befriending a quixotic geriatric who plots their frantic escape route. Secret service intelligence is not far behind as the two break rank and flee southbound to find a temporary safe haven. An unexpected turn of unfortunate events leaves Tom questioning his sanity as he humorously ventures on a mystery quest to find the ever illusive Dr Octagon. Sensitive information surfaces as the story's plot unfolds, triggering Tom's unavoidable metamorphosis into a deep thinking philanthropist. **WARNING** This story contains earth shattering paranoid episodes of sardonic humor that may be unhealthy to stable minds. Zecharia Parker **PREVIEW** There I was on a beautiful Saturday afternoon staring at myself in the mirror and seeing reflections of everything I so detested. How could I allow myself to submerge into the pitfalls of degradation and the shallow doldrums of over eating decadence? Five years have passed since the separation with my bi polar menacing wife Linda. I was through with those long winding total recall days of bitterness that left me subjected to cheap cable television, dark rooms and drive thru fine dining. The years passed by painfully like a maddening whirlwind of emotions mixed with surreal memories of pleasure and pain. Again I looked at myself in a large vanity mirror hitched to the large oak wood dresser in my room. What happened to the good old golden days? The time when I was still in my early twenties and I used to go to the gym, run a few miles on the treadmill and lift all the heavy weights. I was oozing back then with the self esteem and vibrancy of an andro morphed pro athlete marking my territory in the roughest gyms, fitness centers and Y M C A S. Maybe I was a little bit over egotistical during that period but I never remembered lying around the apartment moping about things I couldn't change. I used to be more resolute than this. How exactly did I lose grasp of my proclivity for self confidence? One thing I know for sure is that some things in my life need to change. A S A P I felt that spark of insight start to trickle into some important part of my conscious brain. No I didn't need some quack artist's snake oil or a psychoanalyst clone to write me out a prescription and send me into deeper depths of disparity. I sat down and began to analyze my situation with a little bit more self honesty than I had previously done during similar rationalizing episodes. What you are about to read is my personal story of victory in the face of slight obesity and how a visitation with a quixotic homeopath Dr Gardener set off a chain of events that changed my life forever.
