

My Child

*it seems like only yesterday
that i held you in my arms
for the very first time.*

*and now, you walk beside me
holding my hand
and teaching my heart
to see the world
through the eyes of a child.*

*today, all of nature
is your playground,
and tomorrow will dawn
with a rainbow of surprises
waiting to be discovered
by your innocent eyes
and open heart.*

*it seems like only yesterday
that i welcomed you into my world
for the very first time.*

*and now, i can no longer imagine
what my world was ever like
without you!*

Committee on education and labor,1937 *Play for Children with Special Needs* Christine Macintyre,2010-01-05 There are many more children with learning differences and difficulties in our schools today Their needs are varied and complex and professionals must find appropriate ways to enhance their learning The value of play is endorsed in policy initiatives including The Early Years Foundation Stage curriculum so professionals can be reassured that more time to play is in line with the latest thinking Christine Macintyre emphasises the importance of creating an environment where children become confident independent learners increasingly able to use their imaginations care for others and to take safe risks This fully revised edition of Play for Children with Special Needs includes new research findings and explains their implications for practice This book then enables those supporting children to understand the benefits of play and how to adapt different scenarios to support children who do not find it easy to play observe children as they play so that any difficulties can be identified early analyse different play areas so that the different kinds of learning intellectual creative motor social and emotional are appreciated Play for Children with Special Needs 2nd edition enables practitioners to appreciate the contribution that play makes to the education of all children whether they have special needs or not It is for parents teachers teaching assistants and nursery professionals as well as those who care for children at home **Active Social Work with Children with Disabilities** Julie Adams,Diana Leshone,2025-02-28 Active Social Work with Children with Disabilities provides a comprehensive social worker s guide to working with children with disabilities exploring current issues from the perspective of both the social worker and the family Many people are afraid of working in this field of social work and this book dispels the myths and fears about working with children with disabilities and build the social worker s confidence in an area that is often left behind within the social work world The book will help you to undertake a social work assessment with a child with a disability consider the holistic needs of the child and the family explore the impact of grief and loss upon the family build emotional intelligence and resilience within families communicate with children with disabilities communication techniques The new SEND legislation and issues around Safeguarding of Children with Disabilities and Transition to Adult Social Care for the young person are explored and activities and scenarios help you to critically reflect and explore theory and practice further **Readers' Guide to Periodical Literature** Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1925 An author subject index to selected general interest periodicals of reference value in libraries *The Garden and the Handicapped Child* Patricia Elliott,Brenda Naylor,Elizabeth Watkins,1978 **The Kennedy Family and the Story of Mental Retardation** Edward Shorter,2000 According to Edward Shorter just forty years ago the institutions housing people with mental retardation MR had become a national scandal The mentally retarded

who lived at home were largely isolated and a source of family shame Although some social stigma still attaches to the people with developmental disabilities a range of conditions including what until recently was called mental retardation they now actively participate in our society and are entitled by law to educational social and medical services The immense improvement in their daily lives and life chances came about in no small part because affected families mobilized for change but also because the Kennedy family made mental retardation its single great cause Long a generous benefactor of MR related organizations Joseph P Kennedy made MR the special charitable interest of the family foundation he set up in the 1950s Although he gave all of his children official roles he involved his daughter Eunice in performing its actual work identifying appropriate recipients of awards and organizing the foundation s activities With unique access to family and foundation papers Shorter brings to light the Kennedy family s strong commitment to public service showing that Rose and Joe taught their children by precept and example that their wealth and status obligated them to perform good works Their parents expected each of them to apply their considerable energies to making a difference Eunice Kennedy Shriver took up that charge and focused her organizational and rhetorical talents on putting MR on the federal policy agenda As a sister of the President of the United States she had access to the most powerful people in the country and drew their attention to the desperate situation of families affected by mental retardation Her efforts made an enormous difference resulting in unprecedented public attention to MR and new approaches to coordinating medical and social services Along with her husband R Sargent Shriver she made the Special Olympics a international annual event in order to encourage people with mental retardation to develop their skills and discover the joy of achievement She emerges from these pages as a remarkable and dedicated advocate for people with developmental disabilities Shorter s account of mental retardation presents an unfamiliar view of the Kennedy family and adds a significant chapter to the history of disability in this country Author note Edward Shorter is a Professor at the University of Toronto where he holds the Hannah Chair in the History of Medicine He is the author of *A History of Psychiatry from the Era of the Asylum to the Age of Prozac* as well as many other books in the fields of history and medicine
