## **Memorandum Mathematics Paper 1 June 2011:**

The History of Oxford University Press: Volume IV Keith Robbins, 2017-05-26 The story of Oxford University Press spans five centuries of printing and publishing Beginning with the first presses set up in Oxford in the fifteenth century and the later establishment of a university printing house it leads through the publication of bibles scholarly works and the Oxford English Dictionary to a twentieth century expansion that created the largest university press in the world playing a part in research education and language learning in more than 50 countries With access to extensive archives the four volume History of OUP traces the impact of long term changes in printing technology and the business of publishing It also considers the effects of wider trends in education reading and scholarship in international trade and the spreading influence of the English language and in cultural and social history both in Oxford and through its presence around the world In the decades after 1970 Oxford University Press met new challenges but also a period of unprecedented growth In this concluding volume Keith Robbins and 21 expert contributors assess OUP's changing structure its academic mission and its business operations through years of economic turbulence and continuous technological change The Press repositioned itself after 1970 it brought its London Business to Oxford closed its Printing House and rapidly developed new publishing for English language teaching in regions far beyond its traditional markets Yet in an increasingly competitive worldwide industry OUP remained the department of a major British university sharing its commitment to excellence in scholarship and education The resulting opportunities and sometimes tensions are traced here through detailed consideration of OUP's business decisions the vast range of its publications and the dynamic role of its overseas offices Concluding in 2004 with new forms of digital publishing The History of OUP sheds new light on the cultural educational and business life of the English speaking world in the late twentieth century

The Democratic Dilemma of American Education Arnold Shober, 2018-04-19 This compelling new book asks How can American education policy be consistent with democratic ideals Robust democracy is the combination of participation self rule equality understanding and inclusion but these norms can produce contradictory policy Local control in education policy can undermine educational equality Participation in teachers unions can improve working conditions but thwart self rule by local taxpayers The Democratic Dilemma of American Education draws on contemporary research in political science and education policy to offer remarkably balanced insights into these challenging issues Expertly navigating through local state and federal layers of education policy Arnold Shober examines contemporary controversies over education governance teachers unions and collective bargaining school funding school choice academic accountability and desegregation Shober describes the inherent practical dilemmas of current policy and the difficulties policymakers face in overcoming them to produce lasting educational reform in a democratic federal system of government Timely engaging and accessible this is the ideal resource for courses in public policy as well as education and politics
