Shallow Dive Barrett L. Dorko, 1995

Shallow Dive Essays on the Craft of Manual Care is an inspired compilation of works by physical therapist and columnist Barrett Dorko These popular and challenging essays examine both common and uncommon issues in manual care and physical therapy Barrett Dorko relays his experiences both clinical and non clinical in this important work Through careful introspection and contemplation he translates these experiences into thought provoking concepts regarding health care therapy and life itself The book is divided into sections dealing with theory assessment treatment and the changes possible in the life of a clinician Shallow Dive emphasizes the human aspects of a work that is easily reduced to pathology anatomy and biomechanics Barrett Dorko s diverse essays point the way toward specific techniques in manual therapy but are more likely to wonder aloud about some of the traditional ways in which therapy is practiced and the many ways therapists may be changed by what they do
