McEvoy Jr., 2010-12-16 This helpful textbook teaches the fundamentals of photography and their application to police work It offers clear explanations of the basic elements of photography that are used in investigative police work Recommendations regarding equipment and techniques are offered throughout for both small and large police departments Topics include the advantages and disadvantages of digital photography and guidelines for photographing accidents crimes evidence questioned documents and identification photos and dealing with special situations such as homicide and arson Step by step instructions show both experienced and inexperienced photographers the best way to capture specific situations encountered in law enforcement A wide variety of photographs and illustrations demonstrate techniques and complement the material A glossary provides a quick reference for looking up important definitions **What's a Cellphilm?** Katie MacEntee, Casey Burkholder, Joshua

Schwab-Cartas, 2016-07-27 What s a Cellphilm explores cellphone video production for its contributions to participatory visual research There is a rich history of integrating participants videos into community based research and activism However a reliance on camcorders and digital cameras has come under criticism for exacerbating unequal power relations between researchers and their collaborators Using cellphones in participatory visual research suggests a new way forward by working with accessible everyday technology and integrating existing media practices Cellphones are everywhere these days People use mobile technology to visually document and share their lives This new era of democratised media practices inspired Jonathan Dockney and Keyan Tomaselli to coin the term cellphilm cellphone film The term signals the coming

together of different technologies on one handheld device and the emerging media culture based on people's use of cellphones to create share and watch media Chapters present practical examples of cellfilm research conducted in Canada Hong Kong Mexico the Netherlands and South Africa Together these contributions consider several important methodological questions such as Is cellfilming a new research method or is it re packaged participatory video What theories inform the analysis of cellfilms What might the significance of frequent advancements in cellphone technology be on cellfilms How does our existing use of cellphones inform the research process and cellfilm aesthetics What are the ethical dimensions of cellfilm use dissemination and archiving These questions are taken up from interdisciplinary perspectives by established and new academic contributors from education Indigenous studies communication film and media studies

 Collaboration offers a fresh perspective on existing debates in art photography and on the act of photography in general
 Unlike conventional accounts that celebrate individual photographers and their personal visions this book investigates the
 idea that authorship in photography is often more complex and multiple than we imagine involving not only various forms of
 partnership between photographers but also an astonishing array of relationships with photographed subjects and viewers
 Thematic chapters explore the increasing prevalence of collaborative approaches to photography among a broad range of
 international artists from conceptual practices in the 1960s to the most recent digital manifestations Positioning
 contemporary work in a broader historical and theoretical context the book reveals that collaboration is an overlooked but
 essential dimension of the medium s development and potential Asian Sources Electronics ,2003 **Asian Sources**
