

Mon oiseau

Mon oiseau c'est envolé
Rose, rose comme il est !

Il s'envole dans les cieux
Il s'envole, Il est heureux !

Rose, rose comme il est !
Mon oiseau s'est envolé.

Il plane, quant il veut.
Il plane, il est joyeux !

Rose, rose comme il est !
Mon oiseau s'est envolé !

Mon oiseau

Le Chant De Mon Coeligur

G. Schirmer, Inc

Le Chant De Mon Coeligur:

Nineteenth-Century French Song Barbara Meister, 1998-04-22 Song by song this comprehensive study addresses each composer's complete works for solo voice and piano When necessary errors in popular published editions are pointed out and corrected For each song the full French text is given followed by Barbara Meister's translation Page 4 of cover Selected Poems of Léopold Sédar Senghor Abiola Irele, 1977-09-01 **Gabriel Fauré: The Songs and their Poets** Graham Johnson, 2017-07-05 The career of Gabriel Fauré's a composer of songs for voice and piano traverses six decades 1862 1921 almost the whole history of French music is contained within these parameters In the 1860s Fauré the lifelong protégé of Camille Saint-Saëns was a suavely precocious student he was part of Pauline Viardot's circle in the 1870s and he nearly married her daughter Pointed in the direction of symbolist poetry by Robert de Montesquiou in 1886 Fauré as the favoured composer from the early 1890s of Winnaretta Singer later Princesse de Polignac and his songs were revered by Marcel Proust In 1905 he became director of the Paris Conservatoire and he composed his most profound music in old age His existence steadily productive and outwardly imperturbable was undermined by self-doubt an unhappy marriage and a tragic loss of hearing In this detailed study Graham Johnson places the vocal music within twin contexts Fauré's own life story and the parallel lives of his many poets We encounter such giants as Charles Baudelaire and Paul Verlaine the patrician Leconte de Lisle the forgotten Armand Silvestre and the Belgian symbolist Charles Van Lerberghe The chronological range of the narrative encompasses Fauré's first poet Victor Hugo who railed against Napoleon III in the 1850s and the last Jean de La Ville de Mirmont killed in action in the First World War In this comprehensive and richly illustrated study each of Fauré's 109 songs receives a separate commentary Additional chapters for the student singer and serious music lover discuss interpretation and performance in both aesthetical and practical terms Richard Stokes provides parallel English translations of the original French texts In the twenty-first century musical modernity is evaluated differently from the way it was assessed thirty years ago Fauré's no longer merely a Master of Charms circumscribed by the belle époque His status as a great composer of timeless

Claude Debussy and the Poets Arthur Wenk, 1976-01-01 Paul Dukas wrote about Debussy that the strongest influence he experienced was that of the poets not that of the musicians This book undertakes to demonstrate that thesis by studying Debussy's settings of songs by Banville Verlaine Baudelaire Mallarmé Louÿs and Debussy himself A particular insight may be gained in the comparison of six poems by Verlaine set to music by both Fauré and Debussy The book includes a poetic musical analysis of Debussy's *Prelude to the Afternoon of a Faun* based on the poem by Mallarmé **The Sound of Poetry / The Poetry of Sound** Marjorie Perloff, Craig Dworkin, 2009-10-15 Sound one of the central elements of poetry finds itself all but ignored in the current discourse on lyric forms The essays collected here by Marjorie Perloff and Craig Dworkin break that critical silence to readdress some of the fundamental connections between poetry and sound connections that go far beyond traditional metrical studies Ranging from medieval Latin lyrics to a cyborg opera sixteenth-century France to twentieth

century Brazil romantic ballads to the contemporary avant garde the contributors to *The Sound of Poetry The Poetry of Sound* explore such subjects as the translatability of lyric sound the historical and cultural roles of rhyme the role of sound repetition in novelistic prose the connections between sound poetry and music between the visual and the auditory the role of the body in performance and the impact of recording technologies on the lyric voice Along the way the essays take on the ensemble discords of Maurice Scève's *Die* Ezra Pound's use of Chinese whispers the alchemical theology of Hugo Ball's Dada performances Jean Cocteau's modernist radiophonics and an intercultural account of the poetry reading as a kind of dubbing A genuinely comparatist study *The Sound of Poetry The Poetry of Sound* is designed to challenge current preconceptions about what Susan Howe has called articulations of sound forms in time as they have transformed the expanded poetic field of the twenty first century

Comparative Literature in the Light of Chinese Prosody Shudong Chen, 2018-10-31 In the light of Chinese prosody and various mutually illuminating major cases from the original English Chinese French Japanese and German classical literary texts the book explores the possibility of discovering a road not taken within the road well trodden in literature In an approach of what Wittgenstein calls criss crossing this monographic study the first ever of this nature as Roger T Ames points out in the Foreword also emphasizes a pivotal recognition that these Chinese values revealed in the book are immediately relevant to the Western narrative as well the book demonstrates in other words how such a criss crossing approach would be unequivocally possible as long as our critical attention be adequately turned to or pivoted upon the trivial matters a posteriori in accordance with the live syntactic prosodic context such as pauses stresses phonemes function words or the at once text enlivened and text enlivening ambiguity of parts of speech which often vary or alter simultaneously according to and against any definitive definition or set category a priori This issue pertains to any literary text across cultures because no literary text would ever be possible if it were not for instance literally enlivened by the otherwise overlooked meaningless function words or phonemes the texts simultaneously also enliven these meaningless elements and often turn them surreptitiously into sometimes serendipitously meaningful and beautiful sea change effecting *les mots justes* Through the immeasurable and yet often imperceptible influences of these exactly right words our literary texts such as a poem could thus not simply be but subtly mean as if by mere means of its simple rich and naturally worded being truly a special word picture of *das Ding an sich* Describable metaphorically as museum effect and symphonic tapestry a special synaesthetic impact could also likely result from such *les mots justes* facilitated subtle and yet phenomenal sea changes in the texts
