Identity and Intercultural Communication Nicoleta Corbu, Dana Popescu-Jourdy, Tudor Vlad, 2014-10-21 The search for identity is a continuous challenge in the global world from personal identity to social national European or professional identities each person experiences nowadays a multi dimensional self representation Placing the topic against an intercultural background with a focus on communication this book addresses the complicated relationship between self identity and society from an academic perspective The authors of the chapters in this book offer a complex landscape of professional and scholar approaches and research in various parts of the world including Canada China Estonia France Greece Israel Romania and the United States of America Le management interculturel Gérard Koenig, Marc Bosche, 1993 Culture and Paradiplomatic Identity Ioan Horga, Maria Manuela Tavares Ribeiro, Alina Stoica, 2016-02-22 The beginning of the millennium has been influenced by a visible acceleration of the globalisation process A complex and dynamic phenomenon it has generated a series of consequences at the political strategic and military levels as well as the cultural level The increase of interdependence between actors on the international stage modern technologies means of communication cross border relations and the constant flux of goods capital services and people entail major changes for the tools used by states in international relations In this context states are obligated to identify solutions to overcome risks and threats posed to peace and security as current regional conflicts can easily become international In order to streamline communication and interstate cooperation beyond the classic appeal to tolerance there has been in recent years an exponential increase of the use of culture and by extension cultural diplomacy Thus cultural cooperation represents a vital part of the current process of transformation and transition Adopting an interdisciplinary character this volume investigates some of the aspects that emphasise the essential role of culture as a promoter and supporter of peace and security as an agent of regional and national development as well as its contributions to attracting and retaining human and financial capital regional branding and improving quality of life among others The volume will particularly appeal to professors and students of political science international relations history economy law and sociology as well as intellectuals interested in the catalysing role of culture in all areas of activity Repatriation to France and Germany Matthias Walther, 2014-05-19 A significant amount of German and French career agents are involved with international careers Applying Bourdieu s Theory of Practice Matthias Walther compares the repatriation of German and French career agents into the external labor markets of their parent country career fields A qualitative content analysis of 40 semi structured

interviews shows that the German and French career agents career capital and habitus develops during expatriation which has an important impact on the re integration into the parent country career field The Author shows that in an international career mobility context the rules of the game change compared to the rules in a pure national career context which challenges the pertinence of national career models in understanding repatriation in a Franco German context **Le management interculturel** Désiré Loth,2006-04-01 L mergence du management interculturel au d but des ann es 90 et l engouement qu il a suscit ont co ncid avec l acc l ration du mouvement d internationalisation des entreprises Des salari s issus de contextes nationaux diff rents sont en effet de plus en plus souvent amen s travailler ensemble dans des groupes multiculturels Cet ouvrage pr sente les principales approches et recherches r alis es dans ce champ et propose des outils pour mieux g rer la diversit culturelle **Le management interculturel** Pierre Dupriez,1997 **Le management interculturel** Virginia Drummond,2021-07-08 *Le management interculturel* Virginia Drummond,2024-04-04 La compétence culturelle Alain Max Guénette,2008-03-15 Le monde actuel favorise la rencontre de cultures diff rentes y compris dans le milieu professionnel Les milieux de travail mondialis s n cessitent des comp tences permettant de saisir des situations culturelles nouvelles de r agir de mani re ad quate et de faire face au stress provoqu par les conflits de normes Ces comp tences sont elles sp cifiques Comment les d velopper Quels caract res culturels comprendre dans diff rents coins du monde Comment y organise t on le travail particuli rement **Le management interculturel** Virginia Drummond,2015-09-17 Pourquoi certains impatri s r ussissent mieux leur int gration dans l entreprise que d autres Peut on parler d intelligence culturelle Qu est ce qu une quipe multiculturelle Si la globalisation des march s a pu nourrir l illusion d un monde sans fronti res les diff rences culturelles persistent au sein des quipes Et leur impact sur la performance de l entreprise est d sormais reconnu par tous Appr hender les diff rentes cultures de vos collaborateurs reconna tre et d jouer les pi ges de relations parfois complexes adapter votre management Tels sont les outils de gestion que vous propose l auteur pour vous aider optimiser la dimension interculturelle de vos quipes Actualis au regard des tudes les plus r centes r dig dans un style simple et accessible tous cet ouvrage vous permettra de transformer les diff rences culturelles en v ritables ressources pour votre organisation de travail Le management interculturel Sylvie Chevrier,2013-06-07 La 4e de couverture indique Deux entreprises de deux pays diff rents fusionnent Une filiale fran aise importe un outil de gestion d velopp aux tats Unis Des chercheurs travaillent ensemble au sein d un consortium europ en Avec la mondialisation les confrontations des cultures dans le milieu professionnel se multiplient rendant n cessaire une approche interculturelle du management Cet ouvrage montre comment le management a progressivement pris en compte la diversit des cultures et dresse un panorama des mani res concr tes d organiser leur rencontre dans le monde de l entreprise qui volue d sormais dans un environnement multiculturel **Le management interculturel** Sylvie Chevrier,2019-09-04T00:00:00+02:00 Deux entreprises de deux pays diff rents fusionnent Une filiale fran aise importe un outil de gestion d velopp aux tats Unis Des

Avec la mondialisation, les confrontations des cultures dans le milieu professionnel se multiplient, rendant nécessaire une approche interculturelle du management. Cet ouvrage montre comment le management a progressivement pris en compte la diversité des cultures et dresse un panorama des manières concrètes d'organiser leur rencontre dans le monde de l'entreprise qui évolue désormais dans un environnement multiculturel.

Le management interculturel Jean-François Chanlat, Philippe Pierre, 2018-03-08

Le management interculturel recouvre la gestion des équipes lors des rapprochements d'entreprise, la négociation de contrats, les transferts internationaux, des outils de gestion, les aspects intergénérationnels, la performance d'équipes multiculturelles de travail, les actions de formation, comme l'expérience subjective d'intégration de futurs expatriés et de leurs familles en terres étrangères. Gestion de la diversité, mobilité des expatriés, communication, distance, performance des équipes multiculturelles, organisations apprenantes, autant de thèmes de profonde actualité qui sont explorés dans cet ouvrage original. Autant d'occasions aussi de construire certaines idées reçues sur la reconnaissance des différences. Ce livre vise à faire un état des lieux des recherches interculturelles les plus influentes en France et dans les champs francophones du travail sur les quarante dernières années. Dans un pays qui est véritablement lui-même, mais que s'il attire lui et valorise les idées et intelligences venues d'ailleurs, ce livre propose d'abriter ces productions au sein de trois courants principaux de recherche et d'action. S'appuyant la fois sur des apports sociologiques, des enseignements anthropologiques et des considérations actuelles propres à la discipline de la gestion, cet ouvrage cherche à revenir sur les pré-supposés conceptuels qui irriguent les recherches de ce champ très composite nommé interculturel, dans la sphère du travail, et cerner des perspectives nouvelles de développement disciplinaire pour le concept de culture. Si jusqu'à présent les explications en termes de cultures nationales ont plutôt favorisé le management interculturel, entre dans un jeu de raison et se doit aussi d'interroger son questionnement, le lien nécessaire entre cultures et identités, entre force des ancrages collectifs et singularités des trajectoires individuelles.
