Canada is in many ways a country of limits a paradox for a place that enjoys virtually unlimited space Most of that space is uninhabited and much of it is uninhabitable It is a country with a huge north but with most of its population in the south hugging the U S border An uneasy and difficult country Canada has nevertheless defied the odds it remains in the 21st century a haven of peace and a beacon of prosperity Erudite yet accessible and marked by narrative flair The Penguin History of Canada paints an expansive portrait of a dynamic and complex country      **The Black Book of English Canada** Normand Lester, 2002 Normand Lester a journalist with Radio Canada the French language equivalent of the CBC stirred up a hornet s nest when he revealed that the federal government had secretly funded television s Heritage Minutes which in his view provided a sanitized version of our shared history He was subsequently controversially let go The Black Book of Canada is his impassioned defence of his native province and an implicit repudiation of the anglophone media s unfair yet all too common attacks on Quebec and Quebecers While English Canada may think itself a just society in this highly controversial book which sold 50 000 copies in French Normand Lester chronicles English Canadian intolerance the expulsion of the Acadians Lord Durham s anti French policies the hanging of Louis Riel R B Bennett s funding of anti Semitic publications and the internment of Japanese Canadians in the Second World War Lester argues that the myth of two equal amicable co founders of the nation a myth actively promoted by the federal government over recent decades ignores the fact that there will always be two incompatible national histories      *15 Geopolitical Lessons About The United States and Canada* MARIN Ludovic, 2020-12-12 The United States and Canada are two important powers in the West Yet these two countries have proven to be little studied Educational and practical this book offers 15 thematic and documented fact sheets to provide an overview of the conflicts issues and trends affecting North America It constitutes an introductory and reference synthesis on the subject Ludovic MARIN is graduated with a Ph D about international relations history He is a specialist of North America He writes books in different matters economy geopolitics      **Le livre de mes livres** Luc A. various communities and cultures Contributors show that Shakespeare regardless of the medium theater pedagogy or literary studies is commonly rooted in the local customs of a people in ways that challenge the notion that his drama promotes a Western idealism Native Shakespeares examines how the persistent indigenization of Shakespeare complicates the traditional vision of his work as a voice of Western culture and colonial hegemony The international range of the collection and the focus on indigenous practices distinguishes Native Shakespeares from other available texts Official Report of the Debates of the House of Commons Canada. A bien des regards le Canada est un pays de limites un paradoxe pour un territoire qui jouit d'un espace pratiquement illimité La majeure partie de cet espace est inhabitée et inhabitable Le nord du pays est très vaste mais la majorité de la population vit dans le sud le long de la frontière américaine Leminent historien Robert Bothwell soutient que l'histoire du Canada va au-delà de l'aspect régional ou national À certains regards le Canada a plus de sens vu de l'extérieur Le reste du monde a toujours considéré ce pays outre une terre d'expérimentation et d'avenir Les colonies les régions et les populations disparates qui ont formé le Canada venaient d'un monde plus vaste et y étaient liées Au départ la survie du pays et ultérieurement sa prospérité dépendaient des liens avec le monde extérieur les technologies qui faisaient avancer les bateaux à vapeur et les trains d'un océan à l'autre les années qui se battaient pour l'Amérique du Nord les fourrures le blé et l'or qui assuraient au Canada une place dans le système commercial mondial À d'autres regards le Canada est inhabituel Pour réussir vivre ensemble ses habitants ont dû composer avec des croyances bien ancrées l'attachement à la religion et à la nationalité Le compromis n'a pas été facile et l'élaboration d'un système tolérant de gouvernement et de politique a donné lieu des affrontements pénibles entre les Français et les Anglais l'Est et l'Ouest les natifs du pays et les non natifs Pays difficile et aux prises avec des défis le Canada a néanmoins réussi contre toute attente au XXI<sup>e</sup> siècle il demeure un havre de paix et de prospérité Ouvrage rudimentaire bien qu'accessible et témoignant d'un don pour la narration Une histoire du Canada brosse un riche portrait d'un pays dynamique et complexe
