

# SOCIOLOGIE

La Société n'est pas quelque chose de « figé », elle est en constante évolution. Il ne faut pas « rigidifier » la Sociologie. La société malgré les règles est en constante évolution et se modifie (par exemple la tenue vestimentaire, les mœurs, les modes...)

On observe cependant certains « codes établis ». Des phénomènes sociaux. Par exemple : l'on aura tendance à choisir ses amis dans le même milieu social, ou un peu au dessus ou un peu en dessous. Cela n'empêche, toutefois, pas le choix et la volonté personnelle.

En fait, l'Individu à la libre pensée, la liberté d'actes même s'il reste soumis à certains déterminismes.

On peut même dire que c'est parce qu'il y'a des déterminismes que l'on peut être libre.

→ → → Déterminismes et Liberté ne sont pas forcément incompatibles (contradictoires) même s'ils le sont en apparence.

Grand principe logique : « L'exception confirme la règle ».

Ex. : *Un fils d'Universitaire sera plus vite Universitaire lui-même...Où mais je connais un fils de fermier qui est universitaire. C'est l'exception.*

Bref, c'est parce qu'il y'a une exception que la règle existe.

## Définition du Déterminisme :

Exemple de déterminisme inchangeable : La gravité.

Exemple de déterminisme changeable : Un fils de fermier peut devenir universitaire.

Une pensée Marxiste évoque le fait qu'il existe deux types de personnes : Les Dominés et les Dominants.

Pour Pierre Bourdieu (sociologue contemporain), il y'a en effet une opposition principale qui est dominants/dominés mais il voit aussi une division au sein même des dominants. Cette division est la suivante : Dominants Dominés et Dominant Dominants.

|                    |                    |
|--------------------|--------------------|
| Dominants [capS+]* | Dominants [capS-]* |
| Dominés [capE-]*   | Dominants [capE+]* |

Dominés Dominés [capE-] [capS-]\*

\* Capacité Economique et Capacité Sociologie

Donc les Dominants Dominés n'ont pas de gros revenus mais en « imposent » aux Dominants Dominants (qui eux sont riches) de part leur « prestance sociologique » forte.

De plus leur force réside dans le fait que, au vu de leur pouvoir économique faible, ils peuvent être perçus par les Dominés Dominés comme leur égal.
