Pot Limit Omaha Secrets From Max King Max King, 2020-11-15

- 1 This book contains the secret framework where I used the style of play in PLO cash games to take down online poker at Lock Poker until the room shut down a small 50 dollar deposit had become over 10 000USD
- 2 There are many secret frameworks and playing styles provided in the book which can take you from zero to a million dollars fast in Pot Limit Omaha
- 3 Several professional poker players who have gone bust have focused on PLO to regain their riches and in this fast game if you are skilled enough money comes fast
- 4 These are poker secrets which could give you an edge of 2 to 5 percent in the games enough to make you six figure wins in your local poker rooms in PLO some frameworks will apply to NLHE also

This book contains all the Pot Limit Omaha secrets which have allowed me to win over 40 000k USD in the past 5 months and these are all the secrets which I cannot share on my Youtube Channel Max King Poker Secrets I can reveal all the secrets of Baccarat and Roulette on my YouTube Channel but if I reveal PLO secrets and the secret frameworks I use to crush the competition everyone will start using them Let me tell you a story there was a time when I was preparing for Chess Tournaments and taking training I discovered a new kind of attack and when I would play online I started using the new attack and used that successfully in over 50 games and in just a period of 1 year I would notice that the online players had adopted my new attack as their tool This is because everyone was reviewing their games and finding out new kinds of attacks and were able to successfully defend it Now coming back to poker and Pot Limit Omaha it is a very simple game to learn but complexity and the amount of secrets contained is immense most players go with the theory that everything has been discovered and yet the secrets at any poker table are all waiting to be discovered for example a tell is a kind of secret that if you discover could you reward with immense profits There are several other secrets for example what kind of ranges opponents are using this needs you to concentrate very carefully in the game The amount of research and framework to process this kind of information at any live poker game is not built you just hear Alec Torelli kind of players discuss a range

narrowing funnel system but it is rudimentary Now if these poker pros who have made millions of dollars are not going to reveal their poker secrets and frameworks because it would mean cutting into their profits What you will learn in this 1 Secrets to win over 1 million dollars from Pot Limit Omaha 2 Everything that you need to become a master in PLO 3 A short crisp to the point and concise book that you can finish but several readings are necessary to grab all the points in details 4 It would be better if you buy paperback version so that you can have it handy and also note down few points 5 The Q and A session with every reader is going to be extremely rewarding and you know that the author is learned and has a long history of poker 6 The best smallest investment in poker that is going to give you a big edge and hopefully make a big positive difference in your bank account over the next year 7 Never stop learning learn all the strategies which allowed Max King to travel the world and play in over a dozen locations around the world and different geographies and learn from his extremely vast experience *Secrets of Winning at Video Poker* Hugh McKenna, 1990 [Online Poker 101](#) John Dobson, 2010-01-01 It is becoming almost as big as baseball football hockey and other sporting events Television has increased its popularity With the Internet it is coming into our homes at a lightning fast rate The rage that is sweeping the nation is poker Although the game has been around for years played in family recreation rooms smoky bars casinos and even retirement homes these days poker has become the game of choice for hundreds of thousands of people Nearly every home these days has at least one computer The Internet has become our lifeline in ways for information contact with the outside world and yes our portal to the world of poker beyond our kitchen table Now ordinary people can log on and play poker with people other than our parents kids and friends Many professional players sponsor online websites where they are required to play allowing the Average Joe to match his poker skills with the likes of Howard Lederer and Chris Ferguson There are a myriad of tips and tricks for playing the game of poker Everyone seems to have an opinion on the best way to play the game True poker is a game of chance and many would argue that there really is no secret to winning the game However there is a best way to play As Kenny Rogers sang in The Gambler you've got to know when to hold 'em and know when to fold 'em Know when to walk away and know when to run There are many variations on the game of poker but the one most popular today has got to be Texas Hold 'Em It is a relatively simple game but like all poker it can change with the deal of every card In this book we'll explore different ways to play the game online to maximize on your buy in We'll touch on tournaments as well Online poker can be fun and even profitable when you play smart and follow the advice of those in the know So let's talk poker *Expert Tricks to Win More Money at Online Poker!* Raoul Barnes, 2011-01-11 The game of poker can now be played over the internet It is called online poker and it can be a bit more of a challenge to play than the regular offline game because well for one thing you can't see your opponents and for another thing you can't see how the cards are being dealt There have been and still are a lot of debates spanning from all around the globe about the issue of online fraud in a game where high betting involves too many risks for too many people Despite the fraud issues online poker continues to be one of the most widely played card game over

the internet In fact online poker is highly responsible for the explosive growth of the poker game all over the world There exists today about 540 active online poker sites operating in different countries where online gambling is considered legal Online poker sites have made the card game easily accessible to the ordinary person who is just a moderate gambler Online poker appeals most of all to people who are new to the card game and also to those who just want to get together with other people to play a simple card game that calls for a little amount of betting just for the fun of it Online poker is less intimidating than playing in a casino or a big time gambling event That s why for poker newbies and amateurs online poker is the perfect way to learn and practice the rules and tricks of poker in order to improve their game and get them ready to play with the big time players Insiders Secrets to Online Texas Holdem Poker Theo Cage,2004-01-01
