Les Services Agrave La Personne Quelle Application Du Droit:

Droits des Personnes Agées et Droits des Personnes Handicapées Pascal Touoyem, 2023-10-22 Cette publication est certainement la toute première grande synthèse thématique et critique sur la condition des personnes socialement vulnérables PSV en Afrique. Une excellente brochette de 40 experts et Institutions de différents pays du continent déploie un effort d'intelligibilité de ce phénomène devenu préoccupant à travers un inventaire analytique complexe, rétrospectif, factuel, actuel, chiffré, ponctuel, prospectif et relativement exhaustif. Les différentes contributions sont assorties des recommandations fortes qui interpellent pour leur application les détenteurs d'enjeu dans une démarche de co-construction pour une citoyenneté de transformation active. C'est un document de plaidoyer, de requête et de lobbying en faveur de l'amélioration de la protection et de l'amélioration des conditions sociales des personnes âgées et des personnes handicapées en Afrique, autant en matière de santé, d'alimentation, de logement, d'environnement, de protection sociale que de maintien de revenu, d'emploi et d'enseignement. Eu égard à l'augmentation croissante de leurs effets en valeur relative et absolue, la question des personnes socialement vulnérables est ainsi mise en avant, garde des préoccupations politico-sociales et scientifiques importantes, voir permanentes. Elle fait l'objet d'investigations et de réflexions récurrentes au sein du mécanisme social de l'Union Africaine, au sein du groupe de travail sur les personnes âgées et les personnes handicapées de la Commission Africaine des Droits de l'Homme et des Peuples. L'assignation initiale et originaire tant de construire des véhicules juridiques, psychologiques, socio-anthropologiques et politiques afin d'amorcer un changement positif et une protection durable des personnes ainsi que des protocoles coutumiers pour leur valorisation dans les cultures et traditions africaines. This publication is certainly the first major thematic and critical synthesis on the condition of socially vulnerable persons PSV in Africa. An excellent line up of 40 experts and institutions from different countries of the continent is making an effort to understand this phenomenon which has become worrying through a complex retrospective, factual, current, quantified, punctual, prospective and relatively exhaustive analytical inventory. The various contributions are accompanied by strong recommendations that challenge the holders of issues for their application in a process of co-construction for an active citizenship of transformation. It is a document of advocacy, indictment and lobbying in favor of the development, protection and improvement of the social conditions of the elderly and persons with disabilities in Africa in terms of health, food, housing, environment, social protection, income, maintenance, employment and education given their increasing numbers in relative and absolute terms. The issue of socially vulnerable people is thus brought to the forefront of important if not permanent political, social and scientific concerns. It is the subject of recurrent investigations and reflections within the special mechanism of the African Union, the Working Group on Elderly Persons and Persons with Disabilities of the African Commission on Human and Peoples Rights. The initial assignment is to build legal, psychological, socio-anthropological and political vehicles in order to initiate positive change and sustainable protection of VHPs as well as customary protocols for their valorization in African cultures and traditions.
