Le Genre Un Outil Nécessaire:

Le genre : un outil nécessaire Christine Verschuur, 2000-02-01 Les Cahiers Genre et Développement sont un recueil de documents de référence sur la notion de genre et l'analyse des problèmes de développement qu'elle permet. Différents thèmes sont abordés dans ce numéro Genre et Développement une histoire d'une longue Le genre une notion complexe et volutive Relations de genre relations de pouvoir **Le genre : un outil nécessaire** Christine Verschuur (dir.). Jeanne Bisilliat, 2000 Nous avons voulu avec ce livre créer un espace de connaissance autour de la thématique genre et développement apporter des outils de réflexion aux femmes francophones et aux hommes bien évidemment et cela dans un esprit d'ouverture envers nos devancières anglaises américaines latino américaines qui ont repris des concepts féministes ou en ont forgé de nouveaux pour les adapter aux situations spécifiques créées par les politiques et les projets de développement repères intellectuels

Empreintes et inventivités des femmes dans le développement rural Anne-Marie Granié, Hélène Guétat-Bernard, 2006 Extrait de la couverture Cet ouvrage clarifie les relations entre la construction des rapports sociaux de genre et le développement rural Il défend l'idée qu'aujourd'hui les difficultés des modèles de développement créent un contexte favorable une meilleure prise en considération des initiatives innovantes portées par les femmes Les tudes présentent et valent les conséquences de ces changements sur les rapports dynamiques et sur les constructions symboliques et pratiques du masculin et du féminin Cette nouvelle donne observée dans les pays du Nord comme dans ceux du Sud redéfinit les jeux des acteurs qu'ils soient institutionnels ou non institutionnels publics ou privés femmes ou hommes alors que se modifient règles et normes antérieures et que la mondialisation accroît la concurrence entre les territoires Fondé sur une approche pluridisciplinaire de sociologues géographes économistes et anthropologues et s'appuyant sur des exemples puisés dans différents contextes africains indien et français l'ouvrage s'adresse tout lecteur qui s'intéresse à la question du développement rural *Le genre, un outil nécessaire d'analyse pour le changement social : introduction* C. (ed.) Verschuur, Isabelle (ed.) Guérin, H. (ed.) Guétat-Bernard, 2015 *Under Development: Gender* C. Verschuur, I. Guérin, H. Guétat-Bernard, 2016-04-30 Despite various decades of research and claim making by feminist scholars and movements gender remains an overlooked area in development studies Looking at key issues in development studies through the prisms of gender and feminism the authors demonstrate that gender is an indispensable tool for social change **Model Curricula for Journalism Education** Jackson Banda, 2013 *Global Exchanges and Gender Perspectives in Africa* Jean-Bernard Ouédraogo, Roseline M. Achieng', 2011 The global perspectives adopted in this volume by the authors from different academic disciplines and social experiences ought not to be locked in sterile linearity which within process of globalisation would fail to perceive the irreversible opening up of the worlds of the south There is the need within the framework of the analyses presented here to quite cogently define the sense of the notion of the market The market here does not refer to saving or the localised exchange of goods a perspective which is imposed by normative perceptions In fact a strictly materialistic reading of

exchange would be included since every social practice and interaction implies a communitarian transaction meanwhile the exchange system under study here broadens to root out the obligation of the maximisation of mercantile profit from the cycle of exchange Trade here would have a meaning closer to those of old one of human interaction in a way that one could also refer to bon commerce between humans In one way trade places itself at the heart of social exchanges included the power of money and is carried along by a multitude of social interactions The reader is called upon to take into account the major mercantile formations of the social trade system the market society without forgetting the diversity of exchange routes as well as the varying modalities of social construction at the margins and within market logics those of implicit value in trade between humans which the texts herein also seek to review The age old project of restructuring the domestic economy the market society as it has developed in the West whence it has set out to conquer the whole wide world places at the very centre of the current capitalist expansion the challenge of imperatively reshaping gender identity inter alia in market relations

Féminismes en traductions Cornelia Möser, 2013 Féminismes en traduction entreprend une analyse des débats féministes sur le genre en France et en Allemagne Le livre se concentre sur les aspects producteurs des transformations de traduction en suivant les chemins des transferts culturels empruntés par les débats sur le genre En commençant par une analyse et contextualisation des débats l'auteure expose que ce que les participantes des débats perçoivent comme théories de genre est intensément influencé par la soi-disant French theory Les parallèles flagrants entre les débats intenses sur le French feminism aux Etats Unis dans les années 1980 et les débats sur le genre mettent en relief la possibilité d'une construction stratégique d'un corps théorique qui interroge ou attaque des ensembles théoriques homogènes Or le French feminism qui aux Etats Unis mène la configuration comparative entre Théorie critique et Théorie postmoderne est d'ailleurs le résultat de transferts théoriques qui conduisent par la suite l'obsession théorique allemande d'un groupe de théoricien français entre 1960 et 1980 Ce qui paraît être antagonique ici a donc connu une période d'interrelation intense auparavant La traduction dans ce sens doit être comprise comme facteur central d'un mode de production de savoir mondialis Les débats sur le genre sont troitement liés aux espoirs d'améliorer l'institutionnalisation timide de la recherche féministe en France et en Allemagne Cela dit la science féministe a entrepris d'écrire l'histoire de sa pensée L'auteure met en relief les dangers notamment théorologiques de ce projet en discutant les récits les plus fréquents
