Le Miasme Et La Jonquille:

Le miasme et la jonquille Alain Corbin, 1982 Etude historique de la perception olfactive et analyse des comportements sociaux qui viennent se greffer sur des théories reliées aux senteurs Les changements dans les mœurs ont été influencés par les découvertes de la chimie et le développement des soins d'hygiène publique et privée Le miasme et la jonquille Alain Corbin, 1986 A partir de 1750 les hommes d'Occident ont peu à peu cessé de tolérer la proximité de l'excrément ou de l'ordure et d'apprécier les lourdes senteurs du musc Une sensibilité nouvelle apparaît qui poussera les lites affolées par les manations sociales de la ville malade chercher dans les parcs et sur les flancs des montagnes la pureté de l'atmosphère Le bourgeois du XIX^e siècle fuit le contact du pauvre puant comme la mort comme le péché et entreprend de purifier l'haleine de sa demeure imposant leur délicatesse les odeurs végétales donnent naissance à un nouvel art de vivre *Louis Sébastien Mercier* Michael J. Mulryan, 2023-09-15 French playwright novelist activist and journalist Louis Sébastien Mercier 1740-1814 passionately captured scenes of social injustice in pre-Revolutionary Paris in his prolific oeuvre but today remains an understudied writer In this penetrating study the first in English devoted to Mercier in decades Michael Mulryan explores his unpublished writings and urban chronicles *Tableau de Paris 1781-88* and *Le Nouveau Paris 1798* in which he identified the city as a microcosm of national societal problems detailed the conditions of the laboring poor encouraged educational reform and confronted universal social ills Mercier's rich writings speak powerfully to the sociopolitical problems that continue to afflict us as political leaders manipulate public debate and encourage absolutist thinking deepening social divides An outcast for his polemical views during his lifetime Mercier has been called the founder of modern urban discourse and his work a precursor to investigative journalism This sensitive study returns him to his rightful place among Enlightenment thinkers

Big Business and Industrial Conflict in Nineteenth-Century France Lenard R. Berlanstein, 2023-11-15 Founded in 1855 the Parisian Gas Company (PGC) quickly developed into one of France's greatest industrial enterprises an exemplar of the new industrial capitalism that was beginning to transform the French economy The PGC supplied at least half the coal gas consumed in France through the 1870s and became the city's single largest employer of clerical and factory labor Representing a new form and scale of capitalistic endeavor the firm's history illuminates the social tensions that accompanied the nation's industrialization and democratization To study the company over its fifty-year life is to see industrializing France writ small Using previously untapped company archives Lenard R. Berlanstein has written a rich and detailed study that skillfully bridges the divide between business social and labor history Founded in 1855 the Parisian Gas Company (PGC) quickly developed into one of France's greatest industrial enterprises an exemplar of the new industrial capitalism that was beginning to transform the French economy The PGC supplied at least half the coal gas consumed in France through the 1870s and became the city's single largest employer of clerical and factory labor *Imminent Commons: The Expanded City* Alejandro Zaera-Polo, Jeffrey Anderson, 2022-02-04 In light of the increasing disengagement between urban and rural areas this book addresses the interdependency of cities with ecological and technological processes

outside the purview of traditional urban planning It compiles a huge amount of essays in regards to the most important topics that cities must address today such as their connection with global data networks ecological cycles of resources which supersede the traditional boundaries of urbanism For this reason it frames investigation of contemporary urbanism on nine imminent commons grouping the urban commons into resources and technologies lead us to the arcane classification of natural resources air water fire and earth the four elements of ancient cosmologies and five basic technological commons based on expanded human capacities sensing communicating moving making and recycling

L'âge d'or de la parfumerie à Grasse Éliane Perrin, Olivier Buttner, 1996-01-01 T00:00:00+01:00 Depuis plus de deux siècles Grasse et la parfumerie ne font qu'un Les parfums parisiens aux noms célèbres du N°5 de Chanel aux plus récents contiennent tous du génie grassois Un parfum dans son flacon est la dernière étape d'une longue chaîne de travaux minutieux et pénibles tendus vers cette tonnante transmutation comment capter une odeur Comment matérialiser l'immatériel l'impalpable l'éphémère Les photos d'archives des usines Chiris fondées en 1768 aujourd'hui disparues témoignent de cette extraordinaire histoire du travail des cultivateurs celui des cueilleuses de la livraison aux portes de l'usine au cœur des ateliers d'enfleurage sans oublier les domaines coloniaux qui s'étendent de la Chine la Guyane en passant par Java le Congo l'Algérie et le Maroc se déroulent sous nos yeux le film de cette alchimie

Eroticism and the Body Politic Lynn Hunt, Lynn Avery Hunt, 1991 By the end of the nineteenth century women had become an undeniable force both in the public discussion of social life and in politics itself Yet in art and literature women's bodies continued to be represented and domesticated by men They were still more often the object of the artist's or writer's gaze than they were the subject of their own representing processes The erotic potential of women's bodies however was far from a marginal concern in the elaboration of modern forms of politics art literature and psychology In *Eroticism and the Body Politic* scholars from art history history and literature examine the frequent intersections between the body erotic and the body politic Focusing on eighteenth and nineteenth century France they show how eroticized representations of bodies had a multitude of political and cultural meanings The authors consider the eroticized body in a wide variety of media from Fragonard's paintings of erotic mothers to political pornography attacking Marie Antoinette to the new woman of fin de siècle decorative arts Exploring the possibilities of a multidisciplinary approach the volume shows that eroticism had an impact far beyond the usual confines of libertine or pornographic literature and that politics included much more than voting meeting or demonstrating At a time of general methodological ferment in the human sciences *Eroticism and the Body Politic* brings fresh approaches to the developing field of cultural studies

French Politics, Culture and Society, 2004 **Design Issues**, 1991 **Marchands Et Consommateurs, Les Mutations de L'Europe Moderne** Bruno Blondé, Natacha Coquery, 2005 **Death is a Festival** João José Reis, 2003 *Death Is a Festival* Funeral Rites and Rebellion in Nineteenth Century Brazil **Nuncius**, 2009 **Information Sur Les Sciences Sociales**, 1984 **Fairy Machines** Emily Jane Cohen, 2001 **French Architects and Engineers in the Age of Enlightenment** Antoine

Picon, 2009-12-17 This book offers a unique insight to the teaching and practice of architects and engineers

The Village of Cannibals Alain Corbin, 1992 In August 1870 during a fair in the isolated French village of Haute-faye a gruesome murder was committed in broad daylight that aroused the indignation of the entire country A young nobleman falsely accused of shouting republican slogans was savagely tortured for hours by a mob of peasants who later burned him alive Rumors of cannibalism stirred public fascination and the details of the case were dramatically recounted in the popular press While the crime was rife with political significance the official inquiry focused on its brutality Justice was swift the mob's alleged ringleaders were guillotined at the scene of the crime the following winter The Village of Cannibals is a fascinating inquiry by historian Alain Corbin into the social and political ingredients of an alchemy that transformed ordinary people into executioners in nineteenth century France Corbin's chronicle of the killing is significant for the new light it sheds on the final eruption of peasant rage in France to end in murder No other author has investigated this harrowing event in such depth or brought to its study such a wealth of perspectives Corbin explores incidents of public violence during and after the French Revolution and illustrates how earlier episodes in France's history provide insight into the mob's methods and choice of victim He describes in detail the peasants perception of the political landscape and the climate of fear that fueled their anxiety and ignited long smoldering hatreds Drawing on the minutes of court proceedings accounts of contemporary journalists and testimony of eyewitnesses the author offers a precise chronology of the chain of events that unfolded on the fairground that summer afternoon His detailed investigation into the murder at Haute-faye reveals the political motivations of the murderers and the gulf between their actions and the sensibilities of the majority of French citizens who no longer tolerated violence as a viable form of political expression The book will be welcomed by scholars students and general readers for its compelling insights into the nature of collective violence

IAHCCJ Newsletter, 1979 *Bridges*, 1998

Beauty, 2000 Beauty examines not only the prominent styles and trends of the last century by decade but also details the development of beauty magazines and advertising and explores multicultural and ethnic trends Color and b/w illustrations
