Le Monde Occulte Hypnotisme Transcendant En Orient:

Le monde occulte Alfred Percy Sinnett, 1887 Le monde occulte, hypnotisme transcendant en Orient, 1886 **Le monde occulte** Alfred Percy Sinnett, 1887 **Le monde occulte** Alfred Percy Sinnett, 2019-05-14 La culture moderne a perdu de vue une Ecole de philosophie qui existe toujours et a marqué de son empreinte les anciennes philosophies familières tout lettré. Ces traces sont moins intelligibles aujourd'hui que les fragments d'une sculpture mutilée car comprenant la forme humaine nous pouvons ajouter des membres imaginaires un torse mais nous ne pouvons donner un sens même fictif aux allusions voilées de Pythagore ou de Platon. Les rares privilégiés instruits de leur signification nous disent qu'elles mènent la connaissance des Lois Éternelles. Des aperçus indirects peuvent nous aider à chiffrer ces nigmes les investigations sérieuses aboutiront la découverte d'un inestimable trésor intellectuel. Mon dessein est de tracer l'esquisse de ce profond savoir de rappeler avec exactitude les preuves expérimentales que j'ai recueillies pour démontrer 1 Que la science occulte procure ses adeptes un contrôle sur les forces naturelles supérieur celui que peut atteindre un physicien habile 2 Qu'une attention sérieuse doit être accordée aux théories soutenues par la science occulte sur la constitution et les destinées de l'âme humaine *Le monde occulte* Alfred Percy Sinnett, 1887 Laboratories of Faith John Warne Monroe, 2018-07-05 At a fascinating moment in French intellectual history an interest in matters occult was not equivalent to a rejection of scientific thought participants in séances and magic rituals were seekers after experimental data as well as spiritual truth A young astronomy student wrote of his quest I am not in the presence or under the influence of any evil spirit I study Spiritism as I study mathematics He did not see himself as an ecstatic visionary but rather as a sober observer For him the darkened room of occult practice was as much laboratory as church In an evocative history of alternative religious practices in France in the second half of the nineteenth and beginning of the twentieth centuries John Warne Monroe tells the interconnected stories of three movements Mesmerism Spiritism and Occultism Adherents of these groups Monroe reveals attempted to modernize faith by providing empirical support for metaphysical concepts Instead of trusting theological speculation about the nature of the soul these believers attempted to gather tangible evidence through Mesmeric experiments séances and ceremonial magic While few French people were active Mesmerists Spiritists or Occultists large segments of the educated general public were familiar with these movements and often regarded them as fascinating expressions of the modern condition a notable contrast to the Catholicism and secular materialism that prevailed in their culture Featuring eerie spirit photographs amusing Daumier lithographs and a posthumous autograph from Voltaire as well as extensive documentary evidence *Laboratories of Faith* gives readers a sense of what being in a séance or a secret society ritual might actually have felt like and why these feelings attracted participants While they never achieved the transformation of human consciousness for which they strove these thinkers and believers nevertheless pioneered a way of being religious that has become an enduring part of the Western cultural vocabulary L'hypnotisme théorique et pratique comprenant les procédés d'hypnotisation Paul Marin
