Le Mythe De Lislamisation Essai Sur Une Obsession Collective:

Le Mythe de l'islamisation. Essai sur une obsession collective Raphaël Liogier, 2012-10-11T00:00:00+02:00 Depuis le milieu des années 2000 un mot s'est immiscé dans le débat islamisation Les musulmans dont la population s'accroît dangereusement chercheraient submerger numériquement et culturellement l'Europe L'imaginaire du complot d'origine ainsi peu à peu le cadre de l'islamophobie ordinaire Si cette perception paranoïaque était restée l'apanage d'une poignée d'extrémistes elle ne ferait pas question mais elle envahit aujourd'hui l'espace public imprégnant les discours de politiciens coutumiers et les analyses d'auteurs réputés sérieux Cet essai salutaire s'attelle à construire ce qui n'est autre qu'un mythe et interroge l'obsession collective qu'il recèle Il montre ainsi que la bombe démographique musulmane qui serait prête à exploser sur le triple front de la natalité de l'immigration et de la conversion relève du fantasme Quant au regain de ferveur spirituelle et au renouveau identitaire des musulmans ils n'ont pas la signification conquérante ni même politique que suggère le pourfendeur de l'islamisme Cette réfutation en règle permet enfin de comprendre pourquoi l'Europe et la France en particulier ont tant besoin de l'ennemi musulman

The Colonial Legacy in France Nicolas Bancel, Pascal Blanchard, Dominic Thomas, 2017-05-01 Debates about the legacy of colonialism in France are not new but they have taken on new urgency in the wake of recent terrorist attacks Responding to acts of religious and racial violence in 2005 2010 and 2015 and beyond the essays in this volume pit French ideals against government sponsored revisionist decrees that have exacerbated tensions complicated the process of establishing and recording national memory and triggered divisive debates on what it means to identify as French As they document the checkered legacy of French colonialism the contributors raise questions about France and the contemporary role of Islam the banlieues immigration race history

Unveiling the French Republic: National Identity, Secularism, and Islam in Contemporary France Per-Erik Nilsson, 2017-10-23 The Islamic Veil Affairs 2003 4 and 2009 2011 which led to the banning of Muslim girls wearing Islamic headscarves in French public schools and women wearing full face veils in public have raised serious concerns about the relationship between secularism and the freedom of religious expression In Unveiling the French Republic National Identity Secularism and Islam in Contemporary France Per Erik Nilsson engages in a careful critical analysis of the Veil Affairs His critique for the most part is not on the decision of Muslim women to wear the veil but rather on the misuse of secular ideology to justify religious intolerance and mask ethnic prejudice

Islam Nadia Marzouki, 2017-04-04 Islam An American Religion demonstrates how Islam as formed in the United States has become an American religion in a double sense first through the strategies of recognition adopted by Muslims and second through the performance of Islam as a faith Nadia Marzouki investigates how Islam has become so contentious in American politics Focusing on the period from 2008 to 2013 she revisits the uproar over the construction of mosques legal disputes around the prohibition of Islamic law and the overseas promotion of religious freedom She argues that public controversies over Islam in the United States primarily reflect the American public s profound divisions and ambivalence toward freedom of speech and the legitimacy of liberal secular democracy

Holy Wars and Holy Alliance Manlio Graziano, 2017-04-11 Religions are reemerging in the social political and economic spheres previously occupied and dominated by secular institutions and ideologies In the wake of crises exposing the limits of secular modernity religions have again become significant players in domestic and international politics At the same time the Catholic Church has sought a holy alliance among the world s faiths to recentralize devout influence an important albeit little noticed evolution in international relations Holy Wars and Holy Alliance explores the nation state s current crisis in order to better

understand the religious resurgence's implications for geopolitics Manlio Graziano looks at how the Catholic Church promotes dialogue and action linking world religions and examines how it has used its material financial and institutional strength to gain power and increase its profile in present day international politics Challenging the idea that modernity is tied to progress and secularization Graziano documents the return or the revenge of God in all facets of life He shows that tolerance pluralism democracy and science have not triumphed as once predicted To fully grasp the destabilizing dynamics at work today he argues we must appreciate the nature of religious struggles and political holy wars now unfolding across the international stage
