LES FILS DE McDO Paul Ariès, 1997-01-01 McDonald s poursuit sa conquête du monde Le hamburger n est pas contrairement ce que l on affirme une alimentation américaine pour adolescents Il représente le premier aliment qui sapte toutes les cultures culinaires et détruit nos façons de manger en jouant sur la crise des institutions sociales et familiales Laboratoire de l alimentation du futur il est aussi un prototype de l entreprise moderniste qui sous couvert de psychologiser la relation de travail disqualifie les hommes autant que les clients ou les aliments L auteur se livre ici un essai vif et d capant alliant de multiples approches Beaucoup plus qu un simple plaidoyer anti McDo une véritable analyse du phénomène *Les fils de McDo* Paul Ariès, 1997 Comment le hamburger gagne le monde Plus qu un simple plaidoyer anti McDo une analyse du phénomène qui multiplie les approches économiques ethnologiques psychanalytiques et gastronomiques **Nostalgic Cooks**, 2006-01-01 Why is it that in France a country renowned for its gastronomy chefs tend to develop a nostalgia syndrome Having been taught how to work in the most prestigious restaurants they soon discover another reality in everyday restaurants or cafeterias chefs have to cope with family constraints and are often forced to accept positions in standardized organizations that leave little room for daily inspiration Feeling the burden of their professional commitments these chefs are considered as having made an egotistic professional choice both by society and the French educational system With this in mind their identity is distorted regardless of possible improvements in working conditions This book analyses vocational identities in French foodservices in their different stages and diversity using international and inter industry comparisons in the sociological field of professional groups **Marketing Identities Through Language** E. Martin, 2005-11-30 Elizabeth Martin explores the impact of globalization on the language of French advertising showing that English and global imagery play an important role in tailoring global campaigns to the French market with media companies undeterred by the attempts through legislation to curb language mixing in the media **The Sociology of Food** Jean-Pierre Poulain, 2017-02-09 A classic text about the social study of food this is the first English language edition of Jean Pierre Poulain s seminal work Tracing the history of food scholarship The Sociology of Food provides an overview of sociological theory and its relevance to the field of food Divided into two parts Poulain begins by exploring the continuities and changes in the modern diet From the effect of globalization on food production and supply to evolving cultural responses to food including cooking and eating practices the management of consumer anxieties and concerns over obesity and the medicalization of food the first part examines how changing food practices have shaped and are shaped by wider social trends The second part provides an overview of the emergence of food as an academic focus for sociologists and anthropologists Revealing the obstacles that lay in the way of this new field of study Poulain shows how the discipline was first established and explains its development over the last forty years Destined to become a key text for students and scholars The Sociology of Food makes a major contribution to food studies and sociology This edition features a brand new chapter focusing on the development of food
