It Happened in Egypt ... With a Frontispiece Charles Norris Williamson,Alice Muriel Williamson,1914 Whatever Happened to the Egyptian Revolution? Galal A. Amin,2013 In his latest exploration of the Egyptian malaise Galal Amin first looks at the events of the months preceding the Revolution of 25 January 2011 pointing out the most important factors behind popular discontent He then follows the ups and downs mainly the downs of the Revolution the causes of rising hopes and expectations mingled with successive disappointments sometimes verging on despair not least in the case of the presidential elections when the Egyptian people were invited to choose between a rock and a hard place This is followed by an outline of a possible brighter future for Egypt based on a more balanced and faster growing economy and a more democratic and equitable society within a truly independent modern and secular state The story of what happened to the 2011 Revolution may be a sad one but if viewed within the larger context of Egypt s economic and social developments of the last century on which the author s previous books threw very useful light it can be regarded as one important step forward toward a much better future **County Gentleman and Land and Water** ,1908
