

Learn and apply the following Narrative Structures:

1. Freytag's Pyramid
2. Fichtean Curve
3. Three-Act Structure
4. Story Wheel
5. Seven-Point Structure

with Star Wars

## AP Lit and Comp Skill Category 3: Structure

The arrangement of the parts and sections of a text, the relationship of the parts to each other, and the sequence in which the text reveals information are all structural choices made by a writer that contribute to the reader's interpretation of a text.

- 3.A Identify and describe how plot orders events in a narrative.
- 3.B Explain the function of a particular sequence of events in a plot.
- 3.C Explain the function of structure in a text.
- 3.E Explain the function of a significant event or related set of significant events in a plot.

## Overview

Plotting a narrative is a subjective endeavor. I would wager the vast majority of stories were not planned to follow any one structure, but considering narrative structure whilst reading makes the interchange between reader and author fuller and more complete. To this end students first learn story arcs through the help of Star Wars: A New Hope then Defend Claims about their own reading's plot structure. Students find Evidence to properly defend their narrative claims, then they produce broad Commentary around this defense.
