

Lord of The Flies - Chapter II

Important points to note and content on from Chapter II. Please read and write down in your books.

- **"Awful things has been done on this island" - Piggy**
 - After the invasion by Jack and the stealing of the glasses, the four boys in Ralph's group are left feeling a sense of despair.
- **Ralph, Piggy, Sam and Eric decide to go and confront Jack...**
 - ... how they appear when they go is very important to Ralph. He argues that they wash and clean themselves up in an attempt to at least look civilized and to differentiate themselves from Jack and his "savages" - As it says: "Well, we won't be painted," said Ralph, "because we aren't savages."
- **"Which is better—to have rules and agree or to hunt and kill?" - Piggy**
 - This really sums up one of the central issues of the novel. There is a battle within each of the boys and on the island, between savagery and civilization and unfortunately at this stage, savagery is winning.
- **The conch is destroyed and Piggy is killed**
 - The destruction of the conch shell is highly symbolic. As the conch has always been a symbol of civilization and order, its shattering is symbolic of the complete breakdown of society on the island and the descent into savagery.
 - The death of Piggy is abrupt and horrific, and is yet another awful thing which has happened on the island.
- **Piggy**

Lord Of Flies Chapter 11:

From Morality to Mayhem Julian Lovelock, 2018-10-25 The stories we read as children are the ones that stay with us the longest and from the nineteenth century until the 1950s stories about schools held a particular fascination Many will remember the goings on at such earnest establishments as Tom Brown s Rugby St Dominic s Greyfriars the Chalet School Malory Towers and Linbury Court In the second part of the twentieth century with more liberal social attitudes and the advent of secondary education for all these moral tales lost their appeal and the school story very nearly died out More recently however a new generation of compromised schoolboy and schoolgirl heroes Pennington Tyke Tiler Harry Potter and Millie Roads have given it a new and challenging relevance Focusing mainly on novels written for young people *From Morality to Mayhem* charts the fall and rise of the school story from the grim accounts of Victorian times to the magic and mayhem of our own age In doing so it considers how fictional schools not only reflect but sometimes influence real life This captivating study will appeal to those interested in children s literature and education both students and the general reader taking us on a not altogether comfortable trip down memory lane *Ink* Jonathan Maberry, 2020-11-17 From New York Times bestselling author Jonathan Maberry comes a standalone supernatural thriller *Ink* about a memory thief who feeds on the most precious of dreams Tattoo artist Patty Cakes has her dead daughter s face tattooed on the back of her hand Day by day it begins to fade taking with it all of Patty s memories of her daughter All she s left with is the certain knowledge she has forgotten her lost child The awareness of that loss is tearing her apart Monk Addison is a private investigator whose skin is covered with the tattooed faces of murder victims He is a predator who hunts for killers and the ghosts of all of those dead people haunt his life Some of those faces have begun to fade too destroying the very souls of the dead All through the town of Pine Deep people are having their most precious memories stolen The monster seems to target the lonely the disenfranchised the people who need memories to anchor them to this world Something is out there Something cruel and evil is feeding on the memories erasing them from the hearts and minds of people like Patty and Monk and others *Ink* is the story of a few lonely damaged people hunting for a memory thief When all you have are memories there is no greater horror than forgetting

Exploring Evil Gloria Cigman, 2002 This book takes as its terrain the changing perceptions of evil across centuries of English Literature Starting with the models of conflict and malevolence in the Book of Genesis its paths are the themes of ambition desire survival belief and knowledge from the Middle Ages to the present day As if looking through both ends of a telescope it moves forward in time propelled by what has been left behind and by our knowledge of what will follow Because the cinema is so vibrant an archive of shifting images of ourselves selected films are viewed alongside the narrative fiction drama and poetry of each chapter Throughout the book resumes and quotations bring as yet unread writings into the same line of vision as all the others Exploring evil confronts the diversity of evils reflected in literary depictions of human behaviour and finds two constant elements the abuse of free will and a denial of the humanity of others The author argues that however much its forms and objectives may change the supremacy of evil in the life of the imagination remains unassailable Contents Changing perceptions of evil Literature Middle Ages to the present day Cinema Cultural studies Belief and Knowledge Religion and ideologies
