Mel S Story Surviving Military Sexual Assault:

Mel's Story G. B. Trudeau, 2014-10-28 An estimated 19 000 rapes and sexual assaults took place in the military last year Every one of them represents a monstrous crime made much worse by the sense of betrayal that accompanied it That so few victims just one in seven report these crimes underscores the utter lack of trust that pervades military culture Retired Gen Loree Sutton and Garry Trudeau in a Washington Post OpEd June 29 2013 The first time B D encounters command rape survivor Melissa Wheeler in the waiting room at the VA Center he has no idea what to make of the scowling former chopper mechanic But in the months that follow witnessing Mel s pain and her healing process help him with his own and B D ends up a staunch and encouraging ally With the help of VA counselors Cora and Elias Wheeler is able to reframe her experience and move forward to the point where she re ups and re deploys though the trauma and betrayal continue to haunt her She and battlebud Roz masterfully manage a perilous rescue op of a downed USO chopper and in the new post DADT world the now out Roz and her now superior That s SERGEANT bitch to you help wind down US ops in Afghanistan Returning stateside Mel s final obstacle is her father s cluelessness and a widespread reluctance to hear the truth of her story As always Trudeau manages to find humor and humanity in even a tale of suffering and sheds serious light on one of the most pressing and undermining problems in our military today Yuge! The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945, Volume IV Geoffrey P. Megargee, Mel Hecker, 2022-04-26 The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos 1933 1945 Volume IV aims to provide as much basic information as possible about individual camps and other detention facilities Why were they established Who ran them What kinds of prisoners did they hold What kinds of work did the prisoners do and for whom What were the conditions like The entries detail the sources from which the authors drew their material so future scholars can expand upon the work Finally and perhaps most important this is a work of memorialization it preserves the histories of places where people suffered and died Volume IV examines an under researched segment of the larger Nazi incarceration system camps and other detention facilities under the direct control of the German military the Wehrmacht These include prisoner of war POW camps including camps for enlisted men camps for officers camps for naval personnel and airmen and transit camps civilian internment and labor camps work camps for Tunisian Jews brothels in which women were forced to have sex with soldiers and prisons and penal camps for Wehrmacht personnel Most of these sites have not been described in detail in the existing historical literature and a substantial number of them have never been documented at all The volume also includes an introduction to the German prisoner of war camp system and its evolution introductions to each of the various types of camps operated by the Wehrmacht and entries devoted to each individual camp representing the most comprehensive documentation to date of

the Wehrmacht camp system Within the entries the volume draws upon German military documents eyewitness and survivor testimony and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the Wehrmacht Of particular note is the detailed documentation of the Wehrmacht s crimes against Soviet prisoners of war which have largely been neglected in the English language literature up to this point despite the fact that more than three million Soviet prisoners died in German captivity The volume also provides substantial coverage of the diverse range of conditions encountered by other Allied prisoners of war illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the Germans treatment of Soviet prisoners and those of other nationalities The volume also details the significant involvement of the Wehrmacht in crimes against the civilian populations of occupied Europe and North Africa As a result this volume not only brings to light many detention sites whose existence has been little known but also advances the decades old process of dismantling the myth of the clean Wehrmacht according to which the German military had nothing to do with the Holocaust and the Nazi regime s other crimes

The Search for Justice Kumari Jayawardena, Kishali Pinto-Jayawardena, 2016-11-21 The Sexual Violence and Impunity in South Asia research project coordinated by Zubaan and supported by the International Development Research Centre brings together for the first time in the region a vast body of knowledge on this important yet silenced subject Six country volumes one each on Bangladesh Nepal Pakistan Sri Lanka and two on India as well as two standalone volumes comprising over fifty research papers and two book length studies detail the histories of sexual violence and look at the systemic institutional societal individual and community structures that work together to perpetuate impunity for perpetrators The essays in this volume examine history and contemporary politics to understand the root causes of sexual violence in Sri Lanka They look at the polarization created around ethnic and linguistic identities during the three decades of ethnic conflict but also scrutinize the routine violence of communities towards their own women in daily life The authors argue that in this transitional post war phase Sri Lankan women must not only be treated as victims but as agents of change The writers highlight a hitherto unaddressed aspect of sexual violence that of the structures that enable impunity on the part of perpetrators be they security personnel and paramilitary forces members of armed rebel groups gangs local politicians and police or ordinary citizens including close family members They demonstrate how impunity for perpetrators is both a failure of the formal justice process and a product of individual community and social conditions and indeed the choices that victims and families make that promote silence over truth At the end of more than a quarter century of conflict that has left some 100 000 dead 50 000 women headed households struggling to survive as well as countless victims and survivors of sexual violence the calls for justice can no longer be ignored

Pulp Vietnam Gregory A. Daddis, 2020-10-22 Explores how Cold War men s magazines idealized warrior heroes and sexual conquerors and normalized conceptions of martial masculinity

Understanding War Through Intersectional Lens Keshab Giri, 2025 The exponential growth in literature on female combatants in rebel groups so far has

explored why women rebel where women rebel and when women rebel Yet existing literature largely assume women combatants as homogenous universal category having similar experiences of war and post war In this milieu this book focuses on how women rebel given their multiple intersecting identities and social subjectivities It looks how female combatants experience war and post war both in public and private spheres by using intersectionality both as a theoretical framework and methodological tool inspired by feminist research methodology to explore complex experiences of women combatants during and after the war This book is based on thirty nine in depth interviews with Maoist female ex combatants their leaders and experts in Nepal between 2017 and 2018 complemented by wide ranging primary and secondary sources such as key Maoist statements and policy documents from the war era women ex combatants memoirs media sources and academic literature The book finds that female combatants experiences of war and post war both in public and private spheres are conditioned by their interlocking systems of oppression and identities such as class caste ethnicity social status educational status and geographical location The book makes an important contribution to the feminist IR literature feminist security studies and has significant policy implications particularly concerning reintegration of female combatants peacebuilding and Women Peace and Security agenda
