

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Responses to the 'Arabellions' Tanja Börzel, Assem Dandashly, Thomas Risse, 2017-10-02 This book studies the reactions by external actors including the European Union to the events unfolding in the Arab world beginning in December 2010. In particular, contributors look at external actors' attempts to balance their desire for stability with their normative principles toward human rights and democracy. The book compares the action and inaction of the EU with other international and regional players including the United States, Russia, Turkey, and Israel, and assesses the response of these actors to the Arabellions events, analysing changes in their approaches to the Arab region. The contributions to this book answer three questions: 1. How have external actors assessed the Arabellions and what role did they see for themselves in this context? 2. Which goals and instruments did external actors pursue toward the MENA region? In particular, how did they deal with conflicting goals such as support for human rights and democracy on the one hand and concerns about security and stability on the other? 3. How can we explain the varying responses of external actors to the Arabellions? This book was published as a special issue of the *Journal of European Integration*.

E.P. Thompson and the Making of the New Left E. P. P. Thompson, 2014-07-18 E. P. Thompson is a towering figure in the field of labor history, best known for his monumental and path-breaking work *The Making of the English Working Class*. But as this collection shows, Thompson was much more than a historian; he was a dedicated educator of workers, a brilliant polemicist, a skilled political theorist, and a tireless agitator for peace against nuclear weapons and for a rebirth of the socialist project. The essays in this book, many of which are either out of print or difficult to obtain, were written between 1955 and 1963 during one of the most fertile periods of Thompson's intellectual and political life, when he wrote his two great works *The Making of the English Working Class* and *William Morris: Romantic to Revolutionary*. They reveal Thompson's insistence on the vitality of a humanistic and democratic socialism along with the value of utopian thinking in radical politics. Throughout, Thompson struggles to open a space independent of official Communist Parties and reformist Social Democratic Parties, opposing them with a vision of socialism built from the bottom up. Editor Cal Winslow, who studied with Thompson, provides context for the essays in a detailed introduction and reminds us why this eloquent and inspiring voice remains so relevant to us today.

Shifting Priorities in Russia's Foreign and Security Policy Rémi Piet, Roger E. Kanet, 2016-03-09 Given the resurgence of Russian economic capabilities and of Russia's role as a regional, even global, political actor, much of the literature written more than 45 years ago is already dated. The editor and contributors to this timely volume draw upon a broad range of analysts who deal with various aspects of Russian relations with its neighbours to the West and to the East. Implications for Russian foreign and security policy are key to understanding Russia's position in the 21st Century. Readers in Russian foreign and security policy, European, Eurasian, and Asian security, and contemporary international politics will find this volume invaluable.

Dangerous Allies Malcolm Fraser, Cain Roberts, 2016-04-12 Australia has always been reliant on great and powerful friends for its sense of national security and for

direction on its foreign policy first on the British Empire and now on the United States Australia has actively pursued a policy of strategic dependence believing that making a grand bargain with a powerful ally was the best policy to ensure its security and prosperity Dangerous Allies examines Australia's history of strategic dependence and questions the continuation of this position It argues that international circumstances in the world and in the Western Pacific especially now make such a policy highly questionable Since the fall of the Soviet Union the United States has also changed dramatically making it less relevant to Australia and a less appropriate ally on which Australia should rely Malcolm Fraser argues that Australia should adopt a much greater degree of independence in foreign policy and that we should no longer merely follow other nations into wars of no direct interest to Australia or Australia's security He argues for an end to strategic dependence and for the timely establishment of a truly independent Australia

China as a Twenty-First Century Naval Power Michael A McDevitt, 2020-10-15 Xi Jinping has made his ambitions for the People's Liberation Army PLA perfectly clear there is no mystery what he wants first that China should become a great maritime power and secondly that the PLA become a world class armed force by 2050 He wants this latter objective to be largely completed by 2035 China as a Twenty First Century Naval Power focuses on China's navy and how it is being transformed to satisfy the world class goal Beginning with an exploration of why China is seeking to become such a major maritime power author Michael McDevitt first explores the strategic rationale behind Xi's two objectives China's reliance on foreign trade and overseas interests such as China's Belt and Road strategy In turn this has created concerns within the senior levels of China's military about the vulnerability of its overseas interests and maritime life lines is a major theme McDevitt dubs this China's sea lane anxiety and traces how this has required the PLA Navy to evolve from a near seas focused navy to one that has global reach a blue water navy He details how quickly this transformation has taken place thanks to a patient step by step approach and abundant funding The more than 10 years of anti piracy patrols in the far reaches of the Indian Ocean has acted as a learning curve accelerator to blue water status McDevitt then explores the PLA Navy's role in the South China Sea and the Indian Ocean He provides a detailed assessment of what the PLAN will be expected to do if Beijing chooses to attack Taiwan potentially triggering combat with America's first responders in East Asia

especially the U S Seventh Fleet and U S Fifth Air Force He conducts a close exploration of how the PLA Navy fits into China's campaign plan aimed at keeping reinforcing U S forces at arm's length what the Pentagon calls anti access and area denial A2 AD if war has broken out over Taiwan or because of attacks on U S allies and friends that live in the shadow of China McDevitt does not know how Xi defines world class but the evidence from the past 15 years of building a blue water force has already made the PLA Navy the second largest globally capable navy in the world This book concludes with a forecast of what Xi's vision of a world class navy might look like in the next fifteen years when the 2035 deadline is reached *Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)* Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events The Welsh Language Commissioner in Context Diarmait Mac Golla Chríost, 2016-07-20 it is the first book on the subject much of the research data provides a unique insight to the development of government policy and is exclusive to this book several of the research results are quite striking and will be of great interest to academics and policy actors alike **Gem Electronics of Monmouth, Inc.
