flooded the marketplace We encourage you to exercise caution when purchasing a manual for your motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that have no idea what they are selling Many are nothing more than poor quality comb bound or ring bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years 2M & M Engine Repair Manual Mark Cook,Toyota Motor Sales Co., Ltd.
