Lost in the Forest Ballantyne, R. M., 2004 *Lost in the Forest* by R M Ballantyne Here one evening they were becalmed not far from land and Griffin ordered a boat to be lowered with a crew to go ashore The captain had been in low spirits that day from what cause was not known and no one ever found out the reason but certain it is that he was unusually morose and gruff He was also rather absent and did not observe the fact that Larry O Hale Muggins and Will Osten were among the crew of the boat The mate observed it however and having a shrewd suspicion of their intentions ordered them to leave it

The Lost Forest Phyllis Root, 2019-04-02 The story of a forest lost by a surveying error and all the flora and fauna to be found there A forest of course doesn't need a map to know where to grow But people need a map to find it And in 1882 when surveyors set out to map a part of Minnesota they got confused or tired and cold it was November and somehow mapped a great swath of ancient trees as a lake For more than seventy five years the mistake stayed on the map and the forest remained safe from logging no lumber baron expects to find timber in a lake after all The *Lost Forest* tells the story of this lucky error and of the 144 acres of old growth red and white pine it preserved With gentle humor Phyllis Root introduces readers to the men at their daunting task trekking across Minnesota measuring and marking the vast land into townships and sections and quarters She takes us deep into a stand of virgin pine one of the last and largest in the state where U S history and natural history meet With the help of Betsy Bowen's finely observed and beautiful illustrations she shows us all the life that can be found in the *Lost Forest* Accompanying the story is a wealth of information about the Cadastral Survey and about the plants and animals that inhabit forests making the book a valuable guide for readers who might want to look even deeper into the history of Minnesota the flora and fauna of old growth forests and the apportioning of land in America
