Amaza Lee Meredith Imagines Herself Modern Jacqueline Taylor, 2023-11-28 The extraordinary life and work of architect Amaza Lee Meredith and the role modernism and material culture played in the aspiring Black American middle class of the early twentieth century Amaza Lee Meredith Imagines Herself Modern tells the captivating story of Amaza Lee Meredith a Black woman architect artist and educator born into the Jim Crow South whose bold choices in both life and architecture expand our understanding of the Great Migration and the Harlem Renaissance while revealing the importance of architecture as a force in Black middle class identity Through her charismatic protagonist Jacqueline Taylor derives new insights into the experiences of Black women at the forefront of culture in early twentieth century America caught between expectation and ambition responsibility and desire Central to Taylor s argument is that Meredith s response to modern architecture and art like those of other Black cultural producers was not marginal to the modernist project instead her work reveals the tensions and inconsistencies in how American modernism has been defined In this way the book shines a necessary light on modernism s complexity while overturning perceived notions of race and gender in relation to the modernist project and challenging the notion of the white male hero of modern architecture *From Head Shops to Whole Foods* Joshua C. Davis, 2017-08-08 In the 1960s and 70s a diverse range of storefronts including head shops African American bookstores feminist businesses and organic grocers brought the work of the New Left Black Power feminism environmentalism and other movements into the marketplace Through shared ownership limited growth and democratic workplaces these activist entrepreneurs offered alternatives to conventional profit driven corporate business models By the middle of the 1970s thousands of these enterprises operated across the United States but only a handful survive today Some such as Whole Foods Market have abandoned their quest for collective political change in favor of maximizing profits Vividly portraying the struggles successes and sacrifices of these unlikely entrepreneurs *From Head Shops to Whole Foods* writes a new history of social movements and capitalism by showing how activists embraced small businesses in a way few historians have considered The book challenges the widespread but mistaken idea that activism and political dissent are inherently antithetical to participation in the marketplace Joshua Clark Davis uncovers the historical roots of contemporary interest in ethical consumption social enterprise buying local and mission driven business while also showing how today s companies have adopted the language but not often the mission of liberation and social change *Memorandum on the Teaching of Geography.
