

## GENERAL INFORMATION

Thank you for purchasing the Motorola GTX LTR® mobile radio. GTX mobile radios has ten (10) trunked modes with eight (8) talk-groups in each trunked mode, and ten (10) conventional channels and are available in the 800 MHz and 900 MHz frequency ranges. Intelligent and flexible software increased the radio's capability and permits many of the radios features to be customized for you.

**WARNING:** When installing or removing the mobile radio from the vehicle, the radio must be turned off.

This user guide describes the way a **standard** radio works. Since standard operation may be changed by programming - both concerning the **Functions** which the radio includes and the **Buttons** used to activate them - the way your radio operates may differ from what is described here.

If in doubt, contact the person in charge of your radio system or your local service representative.

English

## WARNINGS, CAUTIONS, AND NOTES

Throughout the text in this publication, you will notice the use of **Warnings**, **Cautions**, and **Notes**. These notations are used to emphasize that safety hazards exist, and care must be taken or observed.

**WARNING:** An operational procedure, practice, or condition, etc., which may result in injury or death if not carefully observed.

**CAUTION:** An operational procedure, practice, or condition, etc., which may result in damage to the equipment if not carefully observed.

**NOTE:** An operational procedure, practice, or condition, etc., which is essential to emphasize.
