## Jean Rivard Le Defricheur:

**Jean Rivard, le défricheur** Antoine Gérin-Lajoie, 1924 **Jean Rivard, le Défricheur** Antoine Gérin-Lajoie, Yannick Roy, 2008-02-01 **The Sense of the Sacred in the Early Novels of Quebec** Lisa M. Gasbarrone, 2024-10-15 Quebec s early novels are full of sacred themes and motifs devotional objects and practices parables and scripture priests and nuns transcendence divinity and eternity Yet the critical gaze of the past fifty years has seldom engaged the idea of the sacred in a sustained way Indeed the presence of the sacred has alienated modern and postmodern readers who ignore or downplay its significance leading to misguided assessments of these works as mediocre and even unreadable for contemporary audiences The Sense of the Sacred in the Early Novels of Quebec reexamines seven classic novels at the foundations of Quebec s national literature Patrice Lacombe s La Terre paternelle 1846 P J O Chauveau s Charles Gu rin 1853 Antoine G rin Lajoie s Jean Rivard 1874 Philippe Aubert de Gasp s Les Anciens Canadiens 1863 Laure Conan s Ang line de Montbrun 1884 Louis H mon s Maria Chapdelaine 1916 and F lix Antoine Savard s Menaud ma tre draveur 1937 Through chapters that focus on sacred themes character analysis narrative temporalities and the hermeneutics of the sacred Lisa Gasbarrone demonstrates that these novels are more nuanced and innovative than their reputation has allowed The Sense of the Sacred in the Early Novels of Quebec reintroduces readers to classic works of French Canadian literature that ironically and provocatively cast their quarrel with modernity in that essentially modern form the novel Power from the North Caroline Desbiens, 2013-05-03 In the 1970s Hydro Qu bec declared in a publicity campaign We Are Hydro Qu b cois The slogan symbolized the extent to which hydroelectric development in the North had come to both reflect and fuel French Canada s aspirations The slogan helped Quebecers relate to the province s northern territory and to accept the exploitation of its resources In Power from the North Caroline Desbiens explores how this culture of hydroelectricity helped shape the landscape during the first phase of the James Bay hydroelectric project Policy makers and citizens did not she argues view those who built the dams as mere workers they saw them as pioneers in a previously uninhabited land now inscribed with the codes of culture and spectacle This insightful work shows that if Quebec hopes to engage in truly sustainable resource development all actors must bring an awareness of their cultural histories and visions of nature North and nation to the negotiating table Literature and Painting In Quebec William J. Berg, 2013-02-04 This unique study explores how Quebec s landscapes have been represented in both literature and visual art throughout the centuries from the writing of early explorers such as Cartier and Champlain to work by prominent contemporary authors and artists from the province William J Berg traces recurrent images and themes within these creations through the most significant periods in the development of a Quebecois identity that was threatened initially by the wilderness and indigenous populations and later by the dominance of British and American influences Focusing on the interplay between nature and culture in landscape representation Literature and Painting in Quebec contends that both have reflected and fashioned the meaning of French Canadian nationhood As such

Literature and Painting in Quebec presents a new perspective to approach the notion of national identity a quest that few groups have engaged in more persistently than the Quebecois

*Acts of Modernity* David Buchanan,2017-09-01 In Acts of Modernity David Buchanan reads nineteenth century historical novels from Scotland America France and Canada as instances of modern discourse reflective of community concerns and methods that were transatlantic in scope Following on revolutionary events at home and abroad the unique combination of history and romance initiated by Walter Scott s Waverley 1814 furthered interest in the transition to and depiction of the nation state Established and lesser known novelists reinterpreted the genre to describe the impact of modernization and to propose coping mechanisms according to interests and circumstances Besides analysis of the chronotopic representation of modernity within and between national contexts Buchanan considers how remediation enabled diverse communities to encounter popular historical novels in upmarket and downmarket forms over the course of the century He pays attention to the way communication practices are embedded within and constitutive of the social lives of readers and more specifically to how cultural producers adapted the historical novel to dynamic communication situations In these ways Acts of Modernity investigates how the historical novel was repeatedly reinvented to effectively communicate the consequences of modernity as problem solutions of relevance to people on both sides of the Atlantic
