

A man in a red hoodie stands on a rocky outcrop, looking up at a massive, detailed Earth floating in the sky. The scene is set against a dramatic, colorful sky with clouds in shades of blue, orange, and purple, suggesting a sunset or sunrise. The ocean is visible in the background, with waves crashing against the shore.

*The Complete Writings and Selected Correspondence of John Dickinson* John Dickinson, 2021-09-17 John Dickinson's entry into public life in Delaware and Pennsylvania is a highlight of the ninety-eight documents written over four years printed in Volume Two of *The Complete Writings and Selected Correspondence of John Dickinson*. The volume opens with Dickinson's legal notes as he established himself as one of the most prominent and learned lawyers in colonial British North America. His cases dealt with among other issues interpretation of wills disputes over land sailors suing for wages a fine on a Quaker who refused military service and a notorious murder in a prominent Philadelphia family. It concludes with Dickinson offering thoughtful advice to a young man who was considering the arduous work in becoming a lawyer. I think he wrote those must be infinitely the most happy whose fatigues are softened by a conscious Benevolence of mind wishing endeavouring to promote the Happiness of others as well as their own. Dickinson's hard work on behalf of his clients brought him success in other areas of his public life. In October 1759 he was elected to his first public position as a representative for Kent County Del. the following year he was elevated to the position of speaker and in 1762 he became a representative for Philadelphia County Pa. As a legislator in two colonies learning his craft as a global war unfolded he contributed to bills on military and defense Indian relations infrastructure improvements and city management and served on various committees. The death of George II occasioned debates over laws and judges in which Dickinson participated. This era concludes with Dickinson playing a central role in managing the unfolding Paxton Riots in which frontiersmen massacred peaceful Indians and threatened the Quaker leadership of Pennsylvania. In private Dickinson lost the two most prominent male figures in his life in 1760 his father Samuel and soon thereafter his mentor colleague and friend John Moland. In honor of Moland Dickinson published a poem and became a proxy head to Moland's large family. Though his extant correspondence during this period is small he exchanged letters with Mary Cadwalader Dickinson Israel Pemberton William Allason George Read Thomas McKean and others. Perhaps most significant he wrote a lengthy unpublished essay on the flag of truce trade and also maintained commonplace books as he considered his place within the British Empire opening up the next phase in Dickinson's life as a leader of the resistance against Britain.
