The Daily 5 Gail Boushey, Joan Moser, 2023-10-10 The Daily 5 Fostering Literacy in the Elementary Grades Second Edition retains the core literacy components that made the first edition one of the most widely read books in education and enhances these practices based on years of further experience in classrooms and compelling new brain research The Daily 5 provides a way for any teacher to structure literacy and now math time to increase student independence and allow for individualized attention in small groups and one on one Teachers and schools implementing the Daily 5 will do the following Spend less time on classroom management and more time teaching Help students develop independence stamina and accountability Provide students with abundant time for practicing reading writing and math Increase the time teachers spend with students one on one and in small groups Improve schoolwide achievement and success in literacy and math The Daily 5 Second Edition gives teachers everything they need to launch and sustain the Daily 5 including materials and setup model behaviors detailed lesson plans specific tips for implementing each component and solutions to common challenges By following this simple and proven structure teachers can move from a harried classroom toward one that hums with productive and engaged learners What's new in the second edition Detailed launch plans for the first three weeks Full color photos figures and charts Increased flexibility regarding when and how to introduce each Daily 5 choice New chapter on differentiating instruction by age and stamina Ideas about how to integrate the Daily 5 with the CAFE assessment system New chapter on the Math Daily 3 structure

Daily Five's Impact on Early Literacy Skills Abigail Reba Masten, 2013 The purpose of this study was to see if the Daily 5 literacy block structure had any impact on literacy scores among kindergarten students specifically on letter naming letter sounds and sight words The author's current year kindergarten class of 16 students participated in the Daily 5 method Results were compared with the author's previous year's kindergarten class of 13 students who participated instead in a basal reading block framework from the Literacy By Design series The study took place in a small rural Minnesota elementary school The assessment data collected was administered by the teacher using alphabet flashcards shown individually to each child Growth data was collected and compared over a quarter of the school years The author concluded that the Daily 5 group had a slightly higher level of mastery over letter naming letter sounds and sight words The author also noted that students succeeded at working independently with the Daily 5 method

The Daily 5 Gail Boushey, Joan Moser, 2006 Do you love teaching but feel exhausted from the energy you expend cajoling disciplining and directing students on a daily basis Are you questioning the value of busy work but afraid that ceasing from such activities will lead to chaos in the classroom Have you heard the phrase work smarter not harder but don't have a clue how to start If so you'll want to meet The Sisters Gail Boushey and Joan Moser They set about designing a structure that would ensure all children were working at their level of challenge while taking responsibility for their learning and behaviour and that would provide meaningful instruction blocks without extensive preparation time for teachers Thus

the Daily Five was born Based on literacy learning and motivation research the Daily Five has been practiced and refined in their own classrooms for 10 years and shared with thousands of teachers throughout the United States The Daily Five is a series of literacy tasks reading to self reading with someone writing word work and listening to reading which students complete daily while the teacher meets with small groups or confers with individuals *Early Childhood Education* Barry Persky, Leonard H. Golubchick, 1991 Early childhood education and child care are now widely perceived to be among the central social needs of the nation Used by more than 100 universities and colleges the new second edition of this anthology is a collection of over 70 articles which together provide a comprehensive overview of the early childhood situation from a historical theoretical and practical perspective These articles enable the reader to understand human development in young children identify their intellectual strengths and weaknesses and develop the most effective teaching techniques Also included is a review of events and conditions resulting in current educational practices Classroom theory and techniques are examined not only within the U S but also run the gamut from the Israeli kibbutz program to current teaching practices in the Soviet Union and China Contents National and Historical Perspectives Philosophical and Theoretical Issues Critical Issues Exceptional Children Curri **The School Magazine** ,1928 **Educational Exhibits and Conventions at the World's Industrial and Cotton Centennial Exposition, 'New Orleans 1884 - '85** ,1886 The Japan Daily Mail ,1907 **Modification of Daily Five for a Full Time Kindergarten Program** ,2011 **Report of the Superintendent of Public Instruction of the State of New York** New York (State).
