**Natural Resources and Sustainability** Daniel E. Vasey, Sarah E. Fredericks, Lei Shen, Shirley Thompson, 2011-12-08  
Natural Resources and Sustainability explores how human needs and desires from sustenance and shelter to recreation and travel have spurred the consumption of Earth's material resources. Scientists, ecologists and other expert authors present the historical impact of commercial activities in industries as varied as fisheries, agriculture, energy and mineral extraction, discuss the global distribution and use of renewable and nonrenewable resources and focus on innovative approaches for the future. Readers will learn why renewal doesn't necessarily put a resource beyond harm and why the 'no free lunch' adage applies to all natural resources.

**Policy Papers in International Affairs** ,1978      **New Serial Titles** ,1985

**Petroleum Abstracts** ,1988      Urban Social Capital Gregory W. Streich, 2016-02-11 This volume presents a kaleidoscopic view of the norms and forms of contemporary city life focusing especially on the processes of social capital formation in the urban milieu. It brings together studies from highly diverse urban settings such as squatter resettlement projects in Kathmandu, urban funeral societies in Africa, an HIV/AIDS community in Los Angeles, the poor of Harare, pensioners in Shanghai, Maori gangs in Auckland and a Roma boxing club in Prague among others. Contributors draw on contemporary theory and research in social capital, political economy, urban planning and policy, social movements, civil society and democracy to explore how social norms, networks, connections and ties are created, deployed and often frayed under conditions of social complexity, inequality, cultural pluralism and the ethno-racial diversity and division characteristic of urban contexts throughout the world. In this way, the volume engages in a genuinely globalized and globalizing discussion of contemporary urban social life and stands as a unique and timely interdisciplinary contribution to the ever-expanding literature devoted to social capital.
