The Political Economy and Ethics of Debt Financing Patrick O'Sullivan, Paolo Ricci, 2024-12-04 This book takes a fresh look at an age old controversy in ethics and political economy that stretches right back to Aristotle the morality and the economics of debt financing or the charging of interest on loans It endeavours to show the immense relevance of those ancient debates in the contemporary economy Outside of countries which practise Islam and Islamic finance the charging of interest is taken completely for granted today and little or no thought is devoted to its morality or economic and social impacts This book argues that in fact the question of the morality of charging interest is still debatable and deserves to be considered anew in the 21st century for the light it can shine on certain salient contemporary sources of economic malaise This book will first of all review the ancient debates on these questions stretching back to Aristotle seeking to restate the concerns in terms of contemporary economic theories and realities It will also then delve into the current practices in respect of lending of all kinds that can be found in those Islamic countries and financial institutions which endeavour to follow the prohibition of riba charging of any kind of interest This will be contrasted with the impact of interest and debt financing in the contemporary non Islamic economies arguing that debt financing of businesses promotes greater rates of bankruptcy over the business cycle and that the charging of interest on loans for current consumption purposes will over time increase inequality and inequitable concentration of wealth in societies where it is practised It will also be shown how in a system without predetermined interest charges problems of exponentially exploding government debt could largely and neatly be avoided by linking bondholder rewards to levels of fiscal proceeds of states This book will be of significant interest to readers in ethics moral philosophy and political economy as well as to policymakers and thinkers grappling with issues around debt burdens public and private inequality and fairness

Managing Media Firms and Industries Gregory Ferrell, Charles Brown, 2015-08-20 This volume provides rich insight into the nature and practice of media management Contributions assess the degree to which management of media firms requires a unique set of skills

highlighting similarities and differences of media firms compared with other industries in terms of management practices HR development and operational aspects Success and limitations of research on media management theory is evaluated both drawing on management theory and examining insights from other disciplines Dimensions for future research are considered along with practical implications for media managers and corporate structures The book serves as a valuable reference for researchers advanced students and practitioners in media industries The Selected Essays of Richard G. Lipsey: Microeconomics, growth and political economy Richard G. Lipsey,1997 **The Cumulative Book Index** ,1996 A world list of books in the English language *Credit Rationing of Polish Farm Households* Martin Petrick,2004 **Alternatives to Economics** Clive Beed,Cara Beed,2006-12-14 Alternatives to Economics outlines the Christian thought system and its value as an alternative to secular social science in the development of socio economic policies Co authors Clive and Cara Beed demonstrate how the Christian thought system could be applied to issues such as distribution of wealth and the growing unemployment problem The Christian thought system provides an alternative way of describing explaining and formulating policies for socio economic matters from that of secular social science Alternatives to Economics finds the current state of economics severely flawed with no set of value free objective tools that can be used to analyze the economy This book seeks to present these Christian thought system tools to both Christians and non Christians **The Selected Essays of Richard G. Lipsey: Macroeconomic theory and policy** Richard G. Lipsey,1997 **The Economics of Governments and Markets** Lois Duff,1997 This text adopts a policy based approach to public sector economics looking at different solutions throughout Europe to the problem of whether the state or the market can best deliver efficient and equitable public services The book compares public policy in a variety of European countries contains a blend of theory and applications contains comparative case studies in every chapter highlighting the different approaches of European government features an annotated reading list and discussion questions and employs the unifying theme of analyzing effectiveness of policy in terms of efficiency and social equity **Britische Europaideen, 1940-1970: Bücher und Broschüren** Winfried Böttcher,Jürgen Jansen,Friedrich Welsch,2003 *American Book Publishing Record* ,2000 **Bibliographie der Staats-und Wirtschaftswissenschaften** ,1995 **Indian Journal of Economics** ,2008 The British National Bibliography Arthur James Wells,2000 **China Upside Down** Manhong Lin,2006 Many scholars have noted the role of China s demand for silver in the emergence of the modern world This book discusses the interaction of this demand and the early nineteenth century Latin American independence movements changes in the world economy the resulting disruptions in the Qing dynasty and the transformation from the High Qing to modern China Man houg Lin shows how the disruption in the world s silver supply caused by the turmoil in Latin America and subsequent changes in global markets led to the massive outflow of silver from China and the crisis of the Qing empire During the first stage of this dynastic crisis traditional ideas favoring plural centers of power became more popular than they ever had been As the crisis developed however statist ideas came to

the fore Even though the Qing survived with the resumption of the influx of Latin American silver its status relative to Japan in the East Asian order slipped The statist inclination although moderated to a degree in the modern period is still ascendant in China today These changes Qing China s near collapse the beginning of its eclipse by Japan in the East Asian order and shifting notions of the proper relationship between state and market and between state and society led to China upside down
