tender and unforgettable strains of Morrison's work from the release in 1968 of *Astral Weeks* to the publication in 2014 of *Lit Up Inside: Selected Lyrics*. A powerful tribute to mark Van Morrison's accomplishments, *In Another World* taps into his legacy's eclectic soul and is kin to its enchantments. **Someone to Love, Someone Like You** Terry A. Veling, 2020-01-21 This volume of poetry and prose expresses the vital connection between poetry and the human spirit. The poems reflect themes of desire, time, memory, resistance, natural love, and divinity. They are guided by only one hope that somewhere and somehow they may touch a chord with another person, another soul. [Ireland in the Life and Work of C.S. Lewis](#) David Clare, 2025-08-14 Even after he achieved world-wide fame through books such as *The Lion, The Witch, and The Wardrobe* and *The Screwtape Letters*, the Belfast-born author C. S. Lewis often regarded as uncomplicatedly English by critics and the general public proudly and regularly described himself as Irish. What's more, he frequently incorporated Irish elements into his work. This includes, for example, numerous allusions to Irish mythology, the repeated employment of Hiberno-English and Ulster Scots words and expressions, and a preference for tropes frequently found in Irish and sometimes specifically Ulster Protestant writing. **The Places of Van Morrison's Songwriting** Geoff Munns, 2022-12-21 What can we learn about Van Morrison's life and work as a songwriter through his songs? This book looks closely at the lyrics and music from a selection of his songs. Some are very well known: *Brown Eyed Girl*, *Cleaning Windows*, and *The Healing Game*. Others are less familiar. Through these songs, the book offers insights into some of the most important ideas that the songwriter has explored across his five-decade-plus career, starting from the Them period and extending through his solo albums. These readings show how thinking about Morrison's use of place provides a specific lens that contributes to a greater understanding of his art. The songs are organized into chapters that reflect many of the important places in Morrison's work as he ventured professionally and imaginatively away from the places of his upbringing towards a wider musical world. These places are in city streetscapes and country landscapes, in home places, on streets and in ditches, in the enclosed spaces of rooms, in the expansive reaches of the natural world, in indeterminate and specific foreign lands. A picture emerges of the journey that Van Morrison details through his songs, one that sees him first wandering as a boy through his East Belfast haunts and then venturing out to a wider world away from this local place. **Navigating the Transnational in Modern American Literature and Culture** Tara Stubbs, Doug Haynes, 2017-03-16 This study develops the important work carried out on American literature through the frameworks of transnational, transatlantic, and translocal studies to ask what happens when these same aspects become intrinsic to the critical narrative. Much cultural criticism since the 1990s has sought to displace perceptions of American exceptionalism with broader notions of Atlanticism, transnationalism, world system, and translocalism, as each has redefined the US and the world more generally. This collection shows how the remapping of America in terms of global networks and as a set of particular localities or even glocalities now plays out in Americanist scholarship, reflecting on the critical consequences of the spatial turn in American literary and cultural studies.
