## **Literature Settings Weather Or Not:**

Literature and Weather Johannes Ungelenk, 2018-02-19 Literature and Weather Shakespeare Goethe Zola is dedicated to the relation between literature and weather i.e. a cultural practice and an everyday phenomenon that has played very different epistemic roles in the history of the world The study undertakes an archaeology of literature's affinity to the weather which tells the story of literature's weathery self reflection and its creative reinventions as a medium in different epistemic and social circumstances The book undertakes extensive close readings of three exemplary literary texts Shakespeare's *The Tempest* Goethe's *The Sufferings of Young Werther* and Zola's *The Rougon Macquarts* These readings provide the basis for reconstructing three distinct formations negotiating the relationship between literature and weather in the 17th the 18th and the 19th centuries The study is a pioneering contribution to the recent debates of literature's indebtedness to the environment It initiates a rewriting of literary history that is weather sensitive the question of literature's agency its power to affect cannot be raised without understanding the way the weather works in a certain cultural formation

considered unimportant mere adjuncts to the action This is not true the way the weather is depicted can give us an insight into the minds of medieval Icelanders The first part of this book illustrates how the Christian world view of authors of the twelfth to fourteenth centuries influenced their descriptions of meteorological conditions in earlier times The second part is more literary in approach It points out the formulaic nature of descriptions of storms and shows how references to the weather help to structure the narrative in some sagas It also demonstrates how medieval Icelandic attitudes to the weather affect the portrayal of the hero
