Christian Worldview and the Academic Disciplines Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the differences that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful

The Human Edge Greg Orme, 2019-11-15 The world is spinning so fast it's difficult to keep up Two hundred and fifty years ago the Industrial Revolution replaced our arms and legs at work The fourth Industrial Revolution is now replacing our brains This technological shift is engulfing organisations and people It's challenging the very essence of what it means to be human Daily news headlines pose existential questions that used to belong in the pages of science fiction Will a machine take my job Are we becoming cyborgs What happens when super computers become self aware If we can't compete with artificial intelligence

what's left Innovation guru Greg Orme provides a helpful funny and supportive shove in the right direction He explores the skills you need to survive and thrive in a world of artificial intelligence He urges you to stop competing and instead do things machines can't To become a more human human This is a practical toolkit to master three intrinsically human super powers

- 1 To ignite your innate CURIOSITY in a world of accelerating change
- 2 To rediscover your CREATIVITY to produce an avalanche of game changing ideas
- 3 To develop CONNECTIVITY to kindle the passion persistence and insights to successfully engage fellow humans to turn human creativity into business innovation

These career enhancing capabilities have been identified in Orme's work with business managers and organisations across the globe They draw upon the latest psychological and neuroscience research the unique philosophies of successful entrepreneurs the practises of the world's most innovative companies as well as the habits of great artists designers and scientists The full text downloaded to your computer With eBooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf available as a free download available online and also via the iPad and Android apps Upon purchase you'll gain instant access to this eBook Time limit The eBooks products do not have an expiry date You will continue to access your digital ebook products whilst you have your Bookshelf installed
