L'histoire Suisse En Un Clin D'œil:

L'histoire suisse Joëlle Kuntz, 2006

Histoire et mémoire dans l'espace postsoviétique KORINE AMACHER, Wladimir Berelowitch, 2014-01-08 Dans l'espace postsoviétique la question d'une nouvelle construction nationale et la légitimation des nouveaux pouvoirs s'est appuyée sur une relecture du passé et une réinterprétation de faits ou de personnages historiques. Si les dirigeants politiques jouent un rôle important dans ce processus les intellectuels font aussi usage du passé. Les grandes tendances des représentations historiques depuis la chute du communisme sont appréhendées dans cet ouvrage collectif.

La fabrique scolaire de l'histoire Laurence De Cock, Emmanuelle Picard, Comité de vigilance face aux usages publics de l'histoire, 2009 Des enseignants des historiens et des spécialistes des sciences de l'éducation analysent la fonction identitaire et la mission civique de l'enseignement de l'histoire en France depuis la III^e République ainsi que l'évolution historique de son rôle dans la construction des identités nationales.

The European Bookshop Business Model David Piovesan, 2025-10-08 Drawing on original primary data this book offers a comparative account of the European bookshop model charting how it has evolved in the contemporary economy how recent industry transformations have impacted it and how bookshops have sought to adapt to new market conditions. Covering the period from the fall of the Berlin Wall in 1989 up until the present day this book considers the evolution both historic and economic of European countries and book markets to arrive at a broad picture of the European bookshop model today. It draws on interviews with over 250 book industry players across 23 countries to critically consider the evolution of systems legislative frameworks reading habits competition and market structure situating these changes within a broader set of current issues and cultural shifts. Alongside the ongoing challenges posed by disruption from digitization to a hyper abundance of books the author also reflects on the key strategies that bookshops have deployed to overcome them including via collective action and curation. Depicting an uncertain outlook for the industry including the impact of AI this text nonetheless offers hope for the future of the bookshop and bears testament to its enduring social and cultural significance. The European Bookshop Business Model is recommended reading for advanced students and researchers in fields including Book Studies Publishing Studies Cultural Industries and Retail and also for book players.

Les batailles du livre François Vallotton, 2014-04-25 Le livre est au centre de multiples débats. Le peuple suisse a refusé par référendum une réglementation de son prix. Les diffuseurs sont accusés par la Commission de la concurrence de pratiques cartellaires. La librairie indépendante est menacée par la vente en ligne. L'avènement du numérique bouleverse notre rapport au livre et aux contenus et fait apparaître de nouveaux acteurs. Pour autant ce territoire situé au carrefour interculturel de l'Europe a aussi connu ses riches heures et de grandes entreprises éditoriales y ont vu le jour qui ont essaimé largement au-delà de ses frontières. De ce monde en effervescence et souvent méconnu des lecteurs que nous sommes de ses multiples enjeux aussi François Vallotton dresse un portrait clair et vivant qui témoigne de la place intime et essentielle que le livre occupe dans la société.
