John F. Grabowski

Life In The Outback:

Life in the Outback John Erbacher, Sue Erbacher, Susan Erbacher, 2008 *Life in the outback* describes Australia's fragile inland environment showing what it was like in the past and how it is today. Life refers to the fauna and flora as well as the people and explains how they are able to survive in a harsh environment. Issues of introduced species, farming, mining and their impact on the environment are discussed. The book gives the reader an insight into the importance of protecting the unique outback environment. Provided by publisher *Life in the Outback* John Barwick, Jennifer Barwick, 2001. Describes Australia's vast dry interior, the outback, and provides information on the people who live there and the activities they engage in. Suggested level: primary/intermediate *Outback Stations* Daniel McIntosh, 2014. A pictorial celebration of Australia as seen through the eyes of people working on the land. In March 2013, Dan McIntosh had an idea. A station cook and keen photographer, he wanted to share the pictures he had taken of the outback life he loved so much. Encouraged by his sister, he started a community Facebook page called Station Photos. Dan wasn't expecting much, but within days the bush telegraph kicked in and pretty soon thousands of people were liking and contributing their own photos to the page. A year on, Station Photos has almost 50,000 followers and a staggering 30 million views from around the world. What people love so much about Station Photos is that it's real. Real people taking photos on their phones and cameras of what makes them laugh and cry: the land they love, their kids, their mates, and their animals. It's a way of life that most Australians living in the cities and along the coast never get to experience, yet it embodies so much of the spirit and folklore of Australia. *Outback Stations* was born from a competition on the Station Photos page to show a day in the life of an outback station. The response was positively overwhelming, and the very best of the images are featured in this book. Like the Facebook page, this book is a celebration of country Australia and the way we live and enjoy life on the land. *Life in the Outback* John Erbacher, Sue Erbacher, Susan Erbacher, 1997. **LIFE**, 1971-09-17. LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events. They have free access to share print and post images for personal use. **Life in the Australian Outback** Lisa Jensen, 2011-10-28. Seminar paper from the year 2009 in the subject English Language and Literature Studies, Culture and Applied Geography, grade 1.7, University of Hannover, Philosophische Fakultät, course Academic Writing and Research, language English. Abstract: The Australian outback is a reckless place to live in. It does not compromise, but has to be taken the way it is: rugged, hot, and dry. Still, there are people who choose to rather come to terms with all the difficulties of living in such a rough place than moving to the comfort of the city. This paper aims to show how some of these difficulties, being education problems, insufficient healthcare, and loneliness, are overcome and why there are people who still prefer this lifestyle over the easier way of living in the city. **Life in the Australian Outback** Jann Einfeld, 2003. Describes life in Australia's outback. *Vanished Years* Peter Coyte (Fr.), 1997. *Up and Down the Real*
